MADELINE LATIMER MURDERED NEAR KENOSHA

BULLET HOLES IN BODIES TELL CRIME STORY

Appleton Young Woman's Body and That of Fiance Are Found Near Kenosha

SLAYER IS UNIDENTIFIED

Sheriff Learns of Crime When Blood Spattered Auto Is Seen on Highway

An Appleton young woman, Miss Madeline Latimer, daughter of Mrs. Anna Latimer, 111 W. Washington-st., was one of the victims of what is believed to have been a double murder committed sometime Wednesday night on a Milwaukee-Kenosha highway six miles north of Kenosha. Kenosha, Milwaukee and Appleton police are working on clues to determine who the assailant might have been. No arrests had been made up to 3 o'clock Thursday afternoon.

Bodies of Miss Latimer and James Sears of Kenosha, to whom she was engaged, were found hidden in brush beside the road, with two bullet holes in each. The roadster in which they were riding was found further along the highway and was bespattered with blood. The most plausible theory seems to be that the young couple was stopped by the assailants while driving along the highway and that an attack upon the young woman was attempted, both meeting their death when the young man interfered.

Discovery of the crime came about shortly before 11 o'clock Thursday morning. A man named John Lichter discovered the roadster standing beside the road and noticed that it was bespattered with blood. It had no occupants. He became suspicious of the situation and notified Sheriff Frank Williams of Kenosha.

FIND BLOOD TRAIL
Sheriff Williams went to the scene and followed a trail of blood which led to some underbrush growing along the highway. He found Sears' body first, hidden in bushes and apparently hurriedly covered over with leaves. He then found two bullet holes. He continued his search and a short distance away discovered the body of Miss Latimer, also covered with grass and leaves. She also had been shot twice with a revolver in the hands of her supposed assailant.

Identity of the couple was accomplished by Sheriff Williams through the license number of the automobile. Sears was employed as salesman for a Kenosha automobile concern and the car carried a dealer's license. The car contained a lady's purse, a box of candy, a woman's red plush coat with fur trimming, a woman's hat and a man's hat.

Sheriff Williams conveyed the bodies to Kenosha. Miss Latimer's body was badly disfigured and this gives rise to the theory that she may have been the victim of an attack and that her companion was killed in her defense.

Milwaukee authorities are working on a clue obtained through letters found among the murdered young woman's effects. They are said to have been written from Appleton and were signed only with the writer's initials, "H. C." It is said that some Appleton man called on her in Milwaukee for a day.

POLICE HERE BUSY

Capt. Patrick Vaughn, acting chief of police here, was notified of the crime and immediately conversed with Sheriff Williams as to the details. The sheriff confirmed the finding of the bodies as reported in wire dispatches, declaring that there were two bullet holes in each. He had not been advised of the Milwaukee clue concerning the letters, the police here were informed.

Mrs. Latimer was prostrated by the announcement of the tragedy here. The family could not identify anybody among the young woman's acquaintances who might have the initials "H. C." They also know of no one who might have had ill will toward either of the victims, or would be responsible for their death. The whole affair is a puzzle to them and they were endeavoring to learn further particulars.

Miss Madeline Latimer and her twin sister, Miss Evelyn Latimer, left Appleton about three years ago for Milwaukee to take employment. The

ARREST FELLOW COP AS BOSTON THEATRE SPOOK

Held as Man Who for Ten Weeks Threw Missiles into Audience Every Day

Boston, Mass.—(AP)—A chain of uncanny disturbances which since last July have annoyed patrons of B. F. Keith's theater here and which for the last month caused performances to be given with lights on throughout the house, was believed by the police Thursday to have ended.

More than a dozen persons have been injured and police investigators have been baffled by the hurling of pieces of scrap iron, lead pipe and rocks into the audience of the theater at practically every performance for ten weeks. Search for the cause failed for several weeks. Wednesday, however, Walter Matthews, for two years a special officer in the theater, was arrested and held for examination by alienists.

Several days ago two policemen, smuggled behind a grating in the roof of the auditorium, saw a suspicious movement by Matthews. The next day they watched him through the entire performance and saw him from behind an aisle screen, which protected him from the sight of those in the balcony, toss a missile over the rail. His arrest followed. Matthews said "an irresistible impulse" made him do it.

PRISON FOR CHICAGO SHERIFF AND JAILER

Chicago, Ill.—(AP)—Discipline for federal officials may follow the jail sentences for contempt imposed by Federal Judge Westbrock Wednesday on Wesley Westbrock, former Cook county jail warden, and Sheriff Peter M. Hoffman in connection with favors and liberties given Terry Druggan and Frank Lake, beer barons, while in jail.

Judge Westbrock's sentence of Westbrock for four months in jail and Hoffman to 30 days with a \$2,500 fine, he made it plain, was in connection with the case of Druggan who had testified to paying thousands of dollars in bribes for favors and absences. The case of Lake he took under advisement. Hoffman and Westbrock are permitted two weeks in which to file applications to the circuit court of appeals for super-seas to stay their execution.

former later moved to Kenosha, where two other sisters reside. She made the acquaintance of Mr. Sears while on frequent visits to Kenosha and they recently announced their engagement. It is believed they drove to Milwaukee Wednesday evening to visit Miss Evelyn Latimer and that they were stopped by the slayers while enroute. There are appearances that a struggle took place before the gruesome slaying took place.

SEN. RALSTON, HOOSIER ACE, DIES AT HOME

Was Presidential Luminary at 1924 National Democratic Convention

Indianapolis.—(AP)—Samuel M. Ralston, junior United States senator from Indiana and venerated patriarch of Indiana democracy died at his estate, "Hoosier Home," near here Wednesday night after an illness of six weeks. He was 67 years old.

Death came to the senator after 22 hours of unconsciousness climaxing an attack of uremic poisoning which had confined the senator to his bed since Sept. 5, and which had impaired his health since early this year.

Members of his family and more than a score of intimate friends were gathered at the home to receive the news shortly after 11 o'clock Wednesday night that death had come. Senator Ralston had known of some weeks of his condition and had bade his family and friend farewell before lapsing into the unconsciousness which preceded his death.

Surviving him are the widow, a daughter and two sons, a brother and a sister and a nephew, all of Indianapolis.

Funeral services will be held at 2 o'clock Sunday at Lebanon, Ind., the senator's old home, from which he was elected to the governorship.

REFUSED CALL

Honored by the highest offices within the gift of the people of his own state—governor and senator—Samuel Moffet Ralston steadfastly refused to accept the call of his party to seek the greatest of all places America can bestow upon her sons.

Twice during the memorable deadlock between William G. McAdoo and Governor Alfred E. Smith at the New York convention in 1924, the party chieftains turned to Senator Ralston to lead the way out but, at first firmly, and then irrevocably, he declined to become the Democratic standard bearer.

A lawyer by profession and a farmer by inclination, Mr. Ralston never really cared for political office. He preferred the battles of the law, tempered by the quiet and peace of the rolling acres of his Indiana farm. He had an abiding interest in politics, however, and was a firm believer in the bed rock principles of democracy.

The record he had made as governor and his campaigning ability, however, drew the political leaders again and again to his doorstep. In 1920 his party pleaded with him to enter again the race for governor, but he refused. It was not for long, however, for he was persuaded two years later to become a candidate for

Pittsburg.—Although only six games have been played the evidence shows ten victories alive and accounted for in the world series.

The Senators have won three, the Pirates three, Cy Rigler one, George Morlay one and Jupe Pluvius two.

Jupe got credit for Wednesday's game after taking a long forward pass from Judge Rocky Mountain Landis and running the length of the field for a touch back.

The judge sat in an open field box for forty five minutes while trying to make up his mind whether it was raining rain or rain. He finally decided it was rain, and ordered all hands to pinocchio deck.

"Y" CAMPAIGN CLIMBS TO 440 ON SECOND DAY

Orbison's Division Leads for Day—Clippinger Team Has Best Total

Division "O", headed by T. E. Orbison, again took first place in the number of members signed up for the Y. M. C. A. at the end of the second day of campaigning, according to the daily report given at the luncheon of teams Wednesday noon at the "Y."

Sixty members were secured for the Appleton association of the "O" division during the second day of the drive. A total of 161 members was signed up on this day by the four divisions, making 440 enlisted toward the goal of 1,300. The "C" division, of which Hugh Corbett is chairman, reported 42 new members for the second day.

The "F" division, under the leadership of John Treutmann, took third with 30 new members reported. The "A" division, headed by A. W. Agrell had 29 memberships.

Points among the four divisions were divided as follows: C division 926, O division 3,783, A division 1,178, T division 929.

The team captained by Prof. F. W. Clippinger, and belonging to the C division took honors for getting the highest number of new members the

U. S. Certain France Will Agree To Debt Proposals

BY DAVID LAWRENCE

Copyright, 1925, by Post Pub. Co. Washington, D. C.—Although there has been no official intimation or even informal hint in the press dispatches, officials of the American government will be much surprised if France finally turns down the proposal that \$40,000,000 a year for five years be paid and the whole debt problem examined anew in 1929.

There have been suggestions that M. Caillaux is preparing a counter-proposal, but this may ask for a change in the form rather than the substance of the American offer. The American debt funding commission stated that the \$40,000,000 should be regarded as "current interest" on the principal. This would in French eyes establish a precedent as to interest rate and there is therefore reason to believe the French finance minister will agree to pay the \$40,000,000 a year all right, but will request that the payment be left unclassified and simply be paid upon what shall later be agreed upon as the total debt due.

The French proposed \$40,000,000 a year for five years when they were here and asked that the other payments be conditioned on France's capacity to pay. America countered with the proposal that no definite agreement be reached now as to what should be paid after five years but that another conference be held in 1930. France has everything to gain and nothing to lose by accepting

11,500 SEE BALL GAMES AS PLAYED ON PLAYOGRAPH

Well folks, the baseball series is ended. Approximately 12,500 people witnessed the six games of the annual classic as it was portrayed on the Playograph erected by the Post-Crescent on the west side of the Y. M. C. A. building. The largest crowd was on hand Sunday when at least 3,000 persons watched the game.

The Post-Crescent takes this occasion to thank those whose cooperation made it possible to serve the public. It is particularly grateful to the Y. M. C. A. for permitting it to erect the Playograph on its property and for loaning its tennis courts so the fans might be accommodated; it owes a large debt of gratitude to Mayor John Goodland, Jr. for his kind assistance in providing seating for the crowd; to Chief of Police George T. Prim for providing police control, to the Wisconsin Telephone Co. for loaning the lumber for the seats. It was through the hearty and unselfish cooperation of these individuals and organizations that this service was given to the baseball loving public of Appleton and adjacent territory.

GERMANS ADOPT SECURITY PACT

Peace Conference Also Near Solution of Polish Arbitration Problem

Locarno, Switzerland.—(AP)—Germany Thursday officially announced her adherence to the Rhine pact of mutual guarantees framed at the security conference here with the object of outlawing war.

The pact will be signed by Germany, France and Belgium, as the principal parties, and by Great Britain and Italy as guarantors. A solution of the problem of the Polish arbitration treaty has practically been reached by enlarging the scope of the treaty to make it virtually the same as the treaties between Germany and France and Germany and Belgium. This means that all possible disputes, even those arising out of frontier questions would be submitted to arbitration.

The Polish and Czechoslovakian representatives were invited to join the meeting. It was explained, to hear a statement outlining the work of the jurists on the draft treaties of arbitration between Germany and France and Germany and Belgium, the text of which have been adopted by the delegations concerned.

FIRESTONE TO OPERATE HUGE RUBBER FARM

Spending \$100,000,000 on Million-acre Plantation to Serve U. S. Industry

New York.—(AP)—In order to make the United States independent of foreign rubber producers Harvey S. Firestone, president of the Firestone Tire and Rubber company, is preparing to spend \$100,000,000 in re-modeling a whole country.

The newly organized Firestone Plantations company, Mr. Firestone announces, has obtained concessions for 1,000,000 acres of rubber plantations in Liberia, West Africa. Plans call for the building of harbors, roads, towns, hospitals and possibly the organization of steamship lines.

A 2,000-acre British rubber plantation has already been purchased to serve mainly as a nursery for the larger plantations to be located in the most suitable land. A harbor will be built at Monrovia, capital of the Negro republic.

Employment of 330,000 men is contemplated when the organization has reached its full stride. The natives will work for less than those on the British plantations in Malaya, who get a shilling a day, Mr. Firestone says.

Investigators have been studying the question for Mr. Firestone for two years. Mr. Firestone said he is not interested in the 300-acre experimental rubber plantation in Florida of Thomas A. Edison and Henry Ford and did not believe that rubber could be grown successfully there.

The United States now controls only 3 per cent of the world's rubber supply but Mr. Firestone believes the Liberian plantations can produce enough to give his country control of 50 per cent.

BARNEY OFFERED STAGE CONTRACT IF HE WINS

Pittsburg.—(AP)—Walter Johnson, the Senators pitching ace has been offered a contract to appear in vaudeville beginning at the New York Hippodrome Monday at a salary of \$2,000 a week, provided he wins the last game of the world's series with the Pirates. Eugene Connolly, local theatrical manager, announced that he made the offer to Johnson on behalf of the Keith circuit management. Johnson's wife said it was doubtful if he would accept, as he had planned to spend the winter in Florida.

GAME PLAYED IN RAIN

Terrific Assault in Ninth Inning Sends Three Runs Over Plate

The Pittsburg Pirates took the baseball championship of the world Thursday from Washington by battering Walter Johnson and scoring their third straight victory over the Senators, 9 to 7, in a furious battle fought out in a drizzling rain on a soggy field.

FIRST INNING

There was a big cheer when Aldridge went out to the box and Rice walked to the plate. Aldridge warmed up for a minute and seemed to have plenty of stuff. The crowd booed Rice as usual. Foul strike one. Five a short liner into left but it was a foul. Rice got a single that bounded over the middle bag. Stan Harris up. Stan Harris flied out to Barnhart hitting the first ball pitched. Goslin up. The Senators were going after the first ball. Ball one, high and inside. Ball two outside. Ball three, Rice went to second on a wild pitch. It was a slow ball and hit into the dirt in front of the plate. Strike one called. Ball two, Goslin got a base on balls, the fourth ball being low. Joe Harris up. Ball one, outside. Ball two, high. Ball three, on another wild pitch Rice went to third and Goslin to second. The Pirates infield gathered around Aldridge. Ball four, Joe Harris walked and the bases were filled.

Judge up. Ball one, outside. The Pirates infield was in on the grass. Strike one called. Ball two, high. Ball three three, low. Strike two called. Foul. Judge hit a long foul to right field. Foul. Another foul went into right field stands from Judge's bat. Foul. Ball four, Rice scored when Judge walked, and the bases were still filled. Bluege up. Strike one called. Ball one, wide. Foul strike two. Goslin scored on Bluege's sharp single to left, Harris going to second and Judge to second. Aldridge was then removed from the box and Morrison took his place. Bluege's hit near the top of the screen and was nearly a home run. It was very dark but the Senators did not seem to have difficulty in following the course of the pitching. Morrison now pitching for the Pirates. Peckinpah up. Ball one. Peck hit to Wright who threw to Moore and there was a dispute at the plate because of interference with Peck by Smith. This allowed Joe Harris to score and all base runners were declared safe. Peck took first. Ruel up—Ball one, Strike one. Ball two, Strike two. Bluege scored when Morrison juggled Ruel's grounder and the bases were still filled. Johnson up. Foul strike one. Foul strike two, Johnson struck out, swinging on a wide curve for a third strike. Peck gets no time at bat and got his base on interference, by catcher. Rice up. Ball one, low. Strike one called. Foul strike two. Ball two, wide. Rice flied out to Barnhart. Four runs, two hits, one error.

Moore up. Foul strike one. Moore tried to hunt but fouled the ball. Moore bunted but Johnson threw him out. Johnson has a bad leg and they were centering their attack on him by bunting. Carey up. Ball one, low. Strike one called. Strike two, called. Johnson worked very slowly. Ball two, low. Ball three, outside. Foul. Carey got a long hit into right for two bases and the crowd was in an uproar. Cuyler up. Strike one, swung. Cuyler went to

SENATOR RALSTON OF INDIANA DIES WEDNESDAY

the senate against Albert J. Beveridge, and was elected.
Senator Ralston stood out as a man among men wherever he went. More than six feet tall he was proportioned to fit his height. His friends declared he looked, thought and acted like Grover Cleveland. He was a stickler for the Constitution, and strictly a party man.
Born on a farm in Tuscarawas co., Ohio, on Dec. 1, 1857, Senator Ralston came from a hardy pioneer stock. His great-grandfather served in the Continental army and was wounded at the battle of Brandywine. He was of Scotch-Irish ancestry, but in his own life the strain of the Scotch lineage was uppermost; consequently he was cautious and deliberate.

Mrs. Augusta Neunfeldt Is
Found Dead in Bed from
Asphyxiation

Mrs. Augusta Neunfeldt, 65, 1231 W. Wisconsin-ave, was found dead in bed Wednesday afternoon from gas fumes from a coal stove. Mrs. Neunfeldt returned Tuesday evening apparently in perfect health. Her son, William Neunfeldt, awoke during the night feeling choked and dizzy from the fumes and called his mother, but received no answer and he then dozed back to sleep. He wandered outside Wednesday afternoon still feeling uneasy, and neighbors seeing him, called a physician who found Mrs. Neunfeldt dead in bed. It is the opinion of the physician that Mrs. Neunfeldt died Tuesday evening shortly after retiring or early Wednesday morning.

The survivors are one son, William, and a daughter in Saskatchewan, Manitoba, Canada. Funeral arrangements have not yet been made.

Raymond Keller, son of Mrs. Anna Keller, left Tuesday after visiting at his home on a two week's furlough from the aviation camp at Rantoul, Ill.

O. D. Harris, engineer of Appleton high school, is confined to his home at 224 E. Winnebagost, on account of illness. He expects to be back at his work by Monday.

HEARING RESTORED OFTEN IN 24 HOURS

Amazing Results Secured in One Day
By Use of Virex Formerly Known
As Rattle Snake Oil

Deafness and Head Noises need not be dreaded any longer since the discovery of a widely known physician. Now it is possible for some of the most obstinate cases of deafness to be relieved in a day's time by the application of a prescription formerly known as Rattle Snake Oil. This treatment is meeting with wide success all over the country.

Mr. D. M. Lopes, a Pennsylvania man says: "I used the treatment at night before retiring. The following morning I could hear the tickings of the alarm clock that I was unable to hear before. Now my hearing is restored perfectly after many years of deafness."

Mr. Ben Jackson, who lives in Indiana says, "Before I used Virex I could hear nothing. After ten days I could hear my watch tick."

Andrine Johnson, a Mississippi resident had been stone deaf for eighteen years. She says, "Virex has stopped my head noises and I can hear the train whistle 2 1/2 miles away."

Roy Fisher, Iowa man, says, "I hadn't heard a watch tick for eleven years—now I can lay my watch on the table and hear it plainly."

Mr. W. A. Lumpkin, of Oklahoma, says, "After being deaf 35 years, I used your treatment only a few days and hear fairly well."

Mr. Anthony Chapman, of Michigan, says, "The terrible head noises have stopped entirely and my hearing is practically back to normal."

DEAF BABY NOW HEARS
Mrs. Ola Valentine, of Arkansas, says, "My little boy, now 5 years old, had been deaf since about 4 months of age. Now he hears very well and is learning to talk."

Mr. Mather Pellets says, "My young son, deaf for years, has used Virex for only three days and he hears almost as well as before."

Such amazing reports come from all over this country and Canada. The prescription which is known as Virex, is easily used at home and seems to work like magic in its rapidly on people of all ages.

So confident are we that Virex will restore your hearing quickly, and to introduce this remarkable treatment to a million more sufferers, we will send a large \$2.00 treatment for only \$1.00, by collect on delivery mail, on ten days' free trial. If the results are not satisfactory the treatment costs nothing.

Send no money—just your name and address to the Dale Laboratories, 1860 Gateway Station, Kansas City, Mo., and the treatment will be mailed at once. Use it according to the simple directions. If at the end of 10 days your hearing is not relieved, your head noises gone entirely, just send it back and your money will be refunded without question. This offer is fully guaranteed, so write today and give this wonderful compound a trial.

injuries received in a runaway, will be held at 1:30 Saturday afternoon from the home of his son in Dale and at 2:45 from the Riverside chapel at Appleton. The Rev. E. Redlin will conduct the services.

BOND FUNERAL
The body of Mrs. Margaret Moore Bond, who died Wednesday, will be taken to Memorial Presbyterian church at 1 o'clock Friday afternoon, where friends may see her between 1 o'clock and 2:30. The funeral services will be held at 2:30 from the church. Interment will be in Riverside.

MRS. LILLIAN ALLEN
Mrs. Lillian Allen, a former resident of Appleton, died Wednesday afternoon at her home in Cincinnati, Ohio. She is survived by one son, Chester H. Allen of Cincinnati, and two daughters, Mrs. Greta Bray of Little Rock, Ark. and Mrs. J. Douglas Bond of Hawaii. The body will arrive in Appleton at 8:27 Saturday morning and will be taken to Riverside chapel where funeral services will be held at 2 o'clock Saturday afternoon. Dr. Virgil B. Scott, pastor of Memorial Presbyterian church, and the P. M. O. Sisterhood will conduct the services. Interment will be in Riverside.

SCHULTZ FUNERAL
A change was made Thursday in arrangements for the funeral of William Schultz who died Wednesday morning from injuries received Tuesday in a runaway. The funeral will be held at 1:30 Saturday afternoon from the home of Wilmer Schultz, northwest of Dale, and the body will be taken to Riverside chapel where services are to be held about 3 o'clock. The original plan was to take the body to the Lutheran church in Stephentown where services were to be held about 2:30.

THREATEN WRIT IF CITY STARTS TO MOVE BRIDGE

Alderman Steinhauer Says
City Has No Right to Move
Bridge on S. Island-st

If the city attempts to move the S. Island-st bridge at its own expense to the Telulah mill, Alderman Mike Steinhauer of the First ward will appeal to the courts for an order restraining the city from undertaking the project, he has warned. He holds that if it is moved, it should be moved at the expense of the mill, and not of the city.

"The bridge is not the property of the city, and any expense entailed in moving it should be paid by the mill," he said. "If the city stand the expense, it will set a precedent which may result in its being an expensive project."

Members of the council who are in favor of having the city pay for the cost of moving the bridge agree that perhaps it would not be necessary from a legal standpoint, but explain that it is necessary from a moral standpoint.

They point out that if fire breaks out in any of the mills in that vicinity, it would be impossible for the fire department to get close to the fire if the bridge is not moved to the Telulah mill. If one mill of that group takes fire, it could very easily spread to the others and destroy them all.

The cost of moving the bridge would be comparatively nothing in comparison to the loss of the mills, supporters of the project explain. Not only would the city be deprived of thousands of dollars in taxes, but hundreds of laboring men would be without jobs.

BE CAREFUL OF JUICE WHICH HAS STOOD IN DISHES

It would not be advisable to make cider from apple juice which has stood in a galvanized tub over night and which has reacted on the metal of the tub in such a way as to destroy the finish, says Frederic J. Haskin, director of the Appleton Post-Crescent Information Bureau, Washington, D. C. in answer to a question of a Post-Crescent reader as to whether there would be any danger in such a procedure. The chemical reaction which took place may have poisoned the juice, thus making it not only unfit, but dangerous to drink, he warns.

A woman marrying an alien before Sept. 22, 1922, loses her American citizenship. Any marriage after that date does not make a woman lose her citizenship.

The five Christian denominations spending the most for foreign missionary work are: Roman Catholic, Presbyterian, Episcopal, Methodist and Baptist.

Vice-president Charles G. Dawes is not affiliated with any of the fraternal organizations.

These are answers to a few of the many questions which Mr. Haskin received last week from Post-Crescent readers. Innumerable questions are received and answered every week free of charge. All that is asked of readers is that they enclose sufficient postage to pay for the cost of mailing the answer. The bureau is becoming more and more popular.

NOBEL PRIZE BOOK IS ADDED TO LIBRARY HERE

The award of the Nobel prize for literature to the Polish novelist Remont for his four volume peasant epic, "The Peasants" has called wide attention to that novel, which may be obtained at the Public Library. It is the chronicle of a Polish village under the old Russian rule. It follows the daily round of peasant life through the circle of the year—its joys and pleasures and customs and the drama of loves and hates. Tragedy centers in the person of the heroine who comes between father and son, rivals for her love.

MORE RECEIPTS AT POSTOFFICE BUT LESS BUSINESS

Increased Postal Rates Responsible for Larger Revenue for Three Months

Postal receipts for the first quarter of the fiscal year are in excess of the receipts for the same quarter last year by \$1,963 \$5, according to Heiman J. Franck, assistant postmaster. The receipts for the quarter ending Sept. 30, 1925, are \$31,713.04, as compared with \$29,779.19 for the same quarter in 1924.

The receipts for September of this year were \$10,584.39, an increase of \$190.57 over the corresponding month last year, and \$1,611.45 in excess of the receipts for August, 1925. The receipts for August were only \$9,372.91, which was less than for the same month in the preceding year when \$9,459.31 were taken in.

August is always the duller month of the year at the postoffice, Mr. Franck stated. Receipts commence to pick up again in September, however, increasing steadily until the climax is reached in the Christmas rush. August, however, was one of the slowest months in several years.

The increase in receipts for the first quarter of the fiscal year over the corresponding quarter last year is due chiefly to the increase in postal rates, according to Mr. Franck. There was no increase in the volume of business. Instead, he is of the opinion that there was a slight decrease.

WINDESHEIM HAD PLANS FOR YEAR ON STAGE

Karl A. Windesheim, former Appleton high school teacher and debate coach who has left for the University of Washington at Seattle, gave up an engagement with the Lee Schubert theatrical productions, New York City, to take the position offered him. He will be assistant to Prof. F. W. Orr, formerly of Lawrence college, who is head of the speaking department at the western school, and will study for his master's degree.

Mr. Windesheim spent the summer as junior councillor at Camp Kineo, Harrison, Me., and intended to devote a year to actual dramatic experience with the Schubert company before continuing his academic training.

FORM DEPARTMENT TO HANDLE COLLEGE DEBATES

George Christensen, Oshkosh, a Lawrence college senior, will be manager of intercollegiate debate, a new office recently created by the Lawrence forensics board, for the coming year. The office was created because of the number of debates planned and the extent of the program arranged. His duties will be to organize debates, schedule the tips, and have general charge.

This is Mr. Christensen's second year in Lawrence debate work. He was also a member of the team at Oshkosh Normal in 1922.

WINNEBAGO-CO TO ACT THIS FALL ON CHERRY-ST ROUTE

County Highway Committee Hopes to Be Ready to Report on Project in November

Paving of highway 15 between the Foster-st pavement and S. Cherry-st bridge is being considered by the road and bridge committee of Winnebago-co and may be included in that country's 1926 highway program.

If a satisfactory report can be formulated between now and November, the proposition will be laid before the November session of the county board.

A conference with the engineers of the state engineering department will be necessary before any definite steps can be taken, it was brought out at a meeting of the road and bridge committee of Winnebago-co this week. The state as not yet decided upon the exact route this relocation should follow.

It was stated that any announcement of plans contemplated would be premature at this time and the statement was made that details of the project would be made public as

FRANZKE IS NOW FULL PROFESSOR

Former Assistant in Public Speaking Department Appointed to Succeed Orr

Prof. A. J. Franzke, instructor and assistant to Prof. F. W. Orr in the Lawrence department of public speaking for the past three years, has been promoted to full professorship and chairman of the department of public speaking by the board of trustees of the college. The chair was vacated by Prof. Orr when he joined the faculty of the University of Washington.

Miss Florence Lutz of Boston was at the same time promoted to assistant professorship in the department. Miss Lutz will handle the dramatic work, while Prof. Franzke will be particularly interested in the debate and public speaking activities of the department.

Prof. Franzke is a member of the Lawrence class of 1916. He is one of the three men to have won the double distinction of the highest forensics honor that the college bestows. With

Palmolive After Shaving Talc

Free

with a tube of

Palmolive Shaving Cream

to give you the SUPREME in shaving comfort

Here is a remarkable offer we are making. An offer so costly to us that in a few days we must withdraw it.

To share in it, you must act at once. For not only is there a time limit, but your dealer has been limited to a certain quantity. When it runs out, he can get no more for you. Don't wait to come till after his stock is gone.

We make it to attract men who are wedded to other shaving creams to give Palmolive Shaving Cream a fair trial. And to give regular users of Palmolive Shaving Cream another Palmolive comfort.

An After Shaving Talc

Which avoids that "powdered" look

Now we have created Palmolive After Shaving Talc. A powder made especially for men with many advantages you'll delight in.

A powder that takes away that after-shave shine; yet that's invisible on the face. A powder that avoids that "powdered" look.

Not an ordinary talc. But a talc that matches

the excellence of Palmolive Shaving Cream. That meets gentlemen's ideals of good grooming; that combats skin roughness and leaves the skin both smooth and fresh.

An amazing shaving cream

Palmolive Shaving Cream, as you know, is a unique creation—an amazing shaving cream. We started by asking 1000 men what they most desired in a shaving cream.

Then step by step—by making and testing 130 formulas—we met their desires to the utmost.

The result is a new attainment, superior we believe in 5 important ways to any shaving cream you have ever known. It will give you a new conception of what shaving cream can do.

Men have welcomed it as they have never welcomed anything in this field. Millions have changed from old-type shaving creams. 80% of the men who use it were won from rival makes. Palmolive Shaving Cream, in a few years, has become the leader of the world.

5 Unique Features

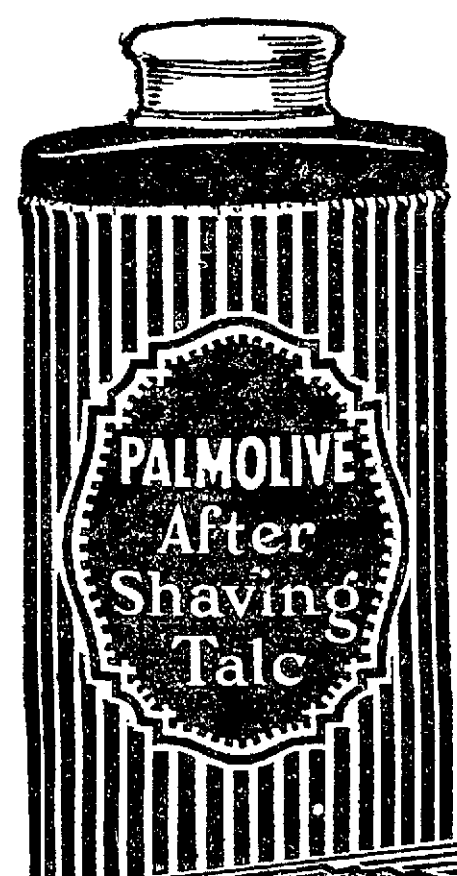

- 1—It multiplies itself in lather 250 times.
- 2—It softens the beard in one minute.
- 3—The lather maintains its creamy fullness for 10 minutes on the face.
- 4—Extra-strong bubbles that support the hairs for cutting, where weak bubbles let them fall down.
- 5—Olive and palm oil content has a lotion-like effect on the skin.

For a FEW days only

Now we offer you both Palmolive Shaving Cream and Palmolive After Shaving Talc at the price of the shaving cream alone.

That gives you a 60c value for 35c. It gives you a can of Palmolive After Shaving Talc without cost.

Go today—don't wait—to any of these stores. Find out how fine your morning shave can be made.

SECRETARY WEEKS RETIRES

John Wingate Weeks, secretary of war and one of the best beloved public men in Washington, has handed in his resignation to President Coolidge. Ill health is given as the cause. This news, no doubt, will be received with genuine regret by the majority of Americans for Secretary Weeks was a most capable executive and his record, both as a United States senator and as a member of Presidents Harding and Coolidge's cabinets, was one of distinguished service and unselfish devotion to the public interest. Wise counselor of two presidents and pillar of his party, the kindly, mild-mannered and soft spoken war minister, went into private life with the satisfaction of knowing that his chief had heeded his last bit of advice.

President Coolidge has appointed as Mr. Weeks' successor, Dwight F. Davis, of Missouri, a young man with an impressive record of achievement and public service and a promising future, who as assistant secretary of war for the last two years has demonstrated his fitness for the cabinet place. This appointment was made upon the recommendation of Secretary Weeks, but even before Mr. Weeks made his suggestion it was apparent that the president was considering Mr. Davis for the war portfolio, for according to Washington reports the young Missourian had "sold" himself to the president by his efficiency and his proposals for dealing with the crisis precipitated by Colonel William Mitchell's sensational charges of "almost treasonable" inefficiency in the war and navy departments following the Shenandoah disaster and the failure of the Hawaiian airplane flight.

Upon the basis of his past record, it is not too much to believe that Mr. Davis will go far in Washington and that when he leaves the cabinet it will be with the satisfaction of having performed his duties well and rendered a full measure of service to his countrymen in this most vital post.

THE STORY OF DUKE

James B. Duke, daddy of the American cigaret habit, king of the great tobacco trust broken up by the government in 1912, master of regal estates and power magnate over much of the south, and donor of most of the material resources of a university which bears his name, passes from the national stage in death. His story may pass as well; but it is so racy, so romantic in origins, so full of the episodes our popular imagination seizes and cherishes, that the glamour of it has a reasonable chance to defy dissolution.

The family of this North Carolina boy, fighting together against the times and conditions following in the wake of our Civil war, rolling up their sleeves to turn the natural crop of a ruined farm into a fortune, sticking together in all weathers, never losing hope, form a part of the argosy of our new south. Griffith built his "Birth of a Nation" around such a family. The pride of this flock, young "Buck" Duke himself, was the incarnation of that indomitable, shrewd, humorous and resourceful young American type fictionalized by George Barr McCutcheon and dramatized by George M. Cohan. The sort that kowtowed to nobody, saw the whole world as a field of action, and made every dream come true.

We suppose there are more valuable professions than the supply of tobacco

and power, and more significant types in world progress than the industrial giant. Possibly a thought of this was in James B. Duke's mind when he gave \$40,000,000 of his fortune, as carelessly and debonairly as he performed the smallest courtesy, for the sake of endowing an institution of scholarship, a place given to contemplation and the humanitarian interests. But in the rich stuff of adventure, of courage before adversity, of vision, coupled with immense practical capacity, Duke's history is not bad stuff to feed the American boy. His qualities are still the ones that win in our present civilization.

ART FOR THE MILLIONS

Paris, France, has just conducted an international exposition of decorative arts. The number of paid admissions amounted to 8,532,496 in four months, and as many as 293,000 in a single day.

Certain Americans have assumed that the remarkable success of this exposition—the nearest thing to a World's fair since our San Francisco event, if we except the Wembley show whose interest was confined to the British empire—is due to the universal recognition of the supremacy of France in the artistic world. It might be better to say that the tribute is to the past supremacy of France in that world, and the knowledge that France is still better able to appreciate things of beauty than any other nation.

Can any one imagine a modern art exhibit in the United States drawing a crowd of 293,000 in a day from all classes of the population? That is four and five times as many people as attend our greatest gridiron contests. And France kept up the interest for months.

Yet the irony of undeniable fact is that the leadership in at least two of the chief branches of modern art—painting and architecture—rests undeniably, not in France, but in the United States. There are no French masters in painting; it seems today to be universally recognized, who are the equals of our American best. And the most stimulating, the most original and beautiful architecture now being created is that of our own great cities.

The combination of these two facts may be a just cause for American humility. We are a nation housed in beauty and daily bombarded with it, but as yet only learning to appreciate our own surroundings, only groping at the popular culture which underlies this enviable and spontaneous French enthusiasm for an exhibit of the decorative arts. We are rich, and so well able to purchase fine things that Europe is lamenting the gradual passage of its finest collections to American public and private museums. We are giving birth to the world's most notable talent. But the ability to turn these resources into riches of our national mind and spirit, to be stimulated as a people and made to live more happily and sanely for them, is not to be bought. In a new continent, among a people just finding time to turn from concentration in the fierce energies of its development, that is a gradual process.

BEAUTY

A lot of girls worry about powder and paint while aiming to bring forth their beauty. They'll spend a full hour, you'll get the right tint that will give facial lines their full duty. A little bit here and a little bit there makes the pale look away, but whether it makes you look flashy or fair, the use of too much doesn't pay. You're not to be blamed when you want to look sweet, but the real work of nature you're losing, whenever you powder and paint indiscreet with the flock of cosmetics you're using. The real look that counts, with the people you meet, isn't merely your makeup style. It means a lot more when expression is sweet and you know how to give them a smile. Go on, use your powder. Go on use your paint. But also try using observation. You're more yourself and much less like you "ain't" if your best beauty comes from expression.

Civilization improves homes. A husband can't be hit with a can opener as hard as with a rolling pin.

Everything's so funny. You must be at the bottom of a lot of things to come out on top.

Children raised with great care sometimes do just as well as those who just happen to grow.

Things are so quiet here. Wish we could escape from a fire thinly clad, or emerge from something unsatisfied.

People grow up and times change. It always happens. And we always are surprised.

Keeping out of trouble is almost as much trouble as getting into it.

We can't imagine less fun than being a peddler pup.

Putting something by for a rainy day is all right, but now is the time to lay aside something for the cold days.

Health Talks

By WILLIAM BRADY, M. D.

Noted Physician and Author
Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

TEMPERATURE A GREAT HEALTH CONSERVER

The professor "cured himself," and then, professor like, connected a whole of a testimonial. His testimonial, however, is different from the usual line of such fiction perpetrated by absent minded professors and credulous clergymen. There is no catch in it; that is to say, nobody except maybe yourself will profit if you are persuaded by the testimonial to try the treatment mentioned.

Testimonials in general, I believe, should be read for amusement only; they are excellent humor, provided you are not too glibly. Symptom hunters should leave testimonials strictly alone; they'll find richer pickings in quack doctor's recs. or pamphlets for prospects. The professor's testimonial—well, you may take it or leave it, and almost everybody will leave it if the court knows herself, and she thinks she do.

In order to break this as gently as possible, I would now reveal that the professor published his testimonial in a book entitled "Physiological Economy in Nutrition" 20 years ago, and he is one of the really big guns in the scientific world, a doctor of philosophy, a doctor of law, a doctor of science (rated this testimonial, ministers fall all over each other in their eagerness to write testimonials). Had he been an M. D., he would probably have refrained from naming the complaints of which he was cured, at any rate. Yes, I know plenty of physicians have disowned their calling by giving their names to testimonials, but not men of education and good standing in the profession.

Professor Chittenden, when still a young man, suffered considerably, it seems, from "sick headaches" and "bilious attacks." If anybody knows what these terms mean, and, worse still, obstinate "rheumatism" in his knee. He was one of the strongest supporters of the low protein diet. He decided to try some of his own medicine, not only as a general experiment in nutrition, but to see if it would benefit his health. Accordingly, he adopted a regimen or diet in which not only the protein, but all the other essential food elements were restricted to amounts rather smaller than is generally deemed necessary for a maintenance diet. He practiced economy with the calories, all right.

In the course of eight months of this economical rationing the professor lost about 15 pounds of body weight and thereafter for as many months his weight remained stationary. He spent two months of the time on a fishing excursion, frequently rowing from six to 10 miles in a forenoon, sometimes against head winds and without breakfast—this is the painful part of the treatment, eh, fellows?—without breakfast, rest, without even a cup of coffee. It sounds cruel—and he enjoyed greater freedom from fatigue and muscular soreness than in previous years when he was taking the usual diet.

Professor Chittenden wrote that this treatment cured his "rheumatism" and practically put an end to his "sick headaches" and bilious attacks. I believe every word of his testimonial. I commend the Chittenden treatment to every overfed, auto-intoxicated, balloon tired, lazy half alive son of a gun that reads this column.

On reading over what I have just said I have a premonition that some poor girl will write in to know where he can purchase the Chittenden treatment, whether it is very expensive and whether it is safe for a party who expects to be buried shortly, and is now trying magic fooduffs or an iron ring for his rheumatism. In order to save postage, peace of mind, perspiration and profanity, let me add here that I have no further particulars, information, pamphlets or references to give. Professor Russell Henry Chittenden's "Physiological Economy in Nutrition," published 1905, and his "Nutrition of Man," 1907, should be procurable in every public library that purports to be worthy of public support.

LOOKING BACKWARD

Twenty-five Years Ago

Thursday, Oct. 18, 1900.

George A. Schores of Oconto, and Miss Amy F. Carlin of Green Bay, were married at St. Joseph church at Green Bay. The couple was to make its home in Appleton.

William Wenzel, plumber, was thrown out of his rig yesterday while driving up Pearl-st hill when his horse became frightened. He was badly bruised and the buggy was damaged considerably. The Democratic party opened presidential headquarters in the old council rooms and announced this fact by means of a banner placed across College-ave from the Peterson block to the Corner-Saverson headquarters.

The Young Peoples Literary society of St. Joseph church held the first debate of a series last night on the question, resolved: That the Indian was wronged more than the Negro. The affirmative was upheld by N. Tenie and Henry Wieland and the negative by Lawrence Schwin and Oscar Rossmelss. The judges who were Father Otto, Joseph Plank and Charles Habig, gave a decision in favor of the negative.

Hardware stores were having their busiest time of the year because of the demand for men to set up stores in many Appleton homes. Mrs. Charles Brockman suffered a badly fractured ankle yesterday when she was kicked by a horse.

Mrs. Minnie Droege and Edward Missling were married last evening.

Ten Years Ago

Thursday, Oct. 14, 1915.

Proceeding on the assumption that if the "blue laws" can be enforced in Illinois they can be in Wisconsin, Womens Christian Temperance union launched a statewide movement looking toward the closing on Sunday of every saloon.

Adolph Kioes sold his 60-acre farm on Asylum-rd to Joseph Ullrich for \$15,000. This was the largest price paid for a farm of that size in recent years.

A son was born this morning to Mr. and Mrs. J. L. Tolleson.

H. J. Guckenberg, Arnold Herrmann and Fred Wolters were reappointed a committee to arrange for a dance the following Wednesday evening under the auspices of Appleton Retail Grocers association.

Mr. and Mrs. Edward Huss, Onondaga, entertained 75 guests last evening in honor of their golden wedding anniversary. Long, curly shavings were used as decorations.

There was an attendance of 125 at the eighteenth anniversary celebration of Womens Catholic Order of Foresters last evening. Winners of prizes at cards were: Mrs. W. Miller, Mrs. Mary Schreiter, Mrs. Walter Stark, Mrs. M. Laminsky, Peter Schreiter and W. Schwall.

MERGE YARDS AT CLINTONVILLE

Rohrer Company Takes Over Wisconsin Material Concern—Gamel Talks to Club

Clintonville — Wisconsin Building Material company of this city, whose headquarters are at Schofield, has disposed of its yard here to the D. J. Rohrer Lumber Co. A consolidation of the two yards has taken place and operation of the concern hereafter will be under management of the Rohrer concern.

Frank Gamel of Chicago, veteran authority on the problem of dealing with boys, was the speaker at the Rotary club's weekly luncheon Monday noon at Ward house. Dr. Gamel is spending a week lecturing at New London and came here to give one of his talks on the duty of fathers to their sons.

Ferdinand Spearbraker, manager of Clintonville Motor Car Co., Buick dealers, had as his guests at the Rotary luncheon Monday all of the Buick men who were attending a district sales convention here at that time. Dealers were present from Green Bay, Appleton, Shawano, New London, Oconto, Potosi, Seymour, De Pere, Greenleaf and Neenah.

Charles William Miller, 73, died at 1:30 Friday afternoon at his home on Shaw-st. He had been ill and confined to his bed only three days and succumbed to heart disease.

Funeral services were held at 2 o'clock Monday afternoon from the Evangelical Methodist church, with the Rev. H. Kotin in charge. Interment took place at Graceland cemetery.

Mr. Miller was born April 27, 1852, at Blücher, Fulton-co., New York, moved with his parents to Lomira at an early age and was married to Minnie Augusta Schwartz Oct. 24, 1878. In 1904 he moved to a farm near Clintonville, spent about ten years there and then came to live in town. He had been active in politics as supervisor and assessor.

Decedent is survived by his aged widow; two daughters and two sons, Helena and Edward, Milwaukee; Mrs. George Buelow and Byron, Clintonville; two brothers, Adolph, Duluth, Minn.; William, Kewaskum.

Out-of-town persons who attended the funeral were Mr. and Mrs. Julius Deterhouse of Kewaskum and Mr. and Mrs. Steiner of Lomira.

A district convention of Rebekah lodges taking in Antico, Wittenburg, Tigerton, Marion, Clintonville and Shawano, was held Tuesday afternoon and evening at the latter place. About 30 members attended from here with Mrs. John Elshery as a delegate. This district deputy, Mrs. With of Iowa, presided at the sessions. At the close a banquet was served by the Shawano members.

Miss Lora Preyest of Iron Mountain, Mich., is spending a week at the home of Mr. and Mrs. Earl Siebert, Lincoln-ave.

James R. Tandy and family and Mrs. Milton Korb autoed to Bowler and returned Tuesday, returning the same day. After several days' visit here the former returned Wednesday afternoon to their home at Waukesha.

HONOR SEYMOUR COUPLE ON 25TH ANNIVERSARY

Seymour—Mr. and Mrs. Otto Frost, town of Seymour, were given a pleasant surprise Saturday evening, Oct. 10. The occasion was their silver wedding anniversary. Mr. and Mrs. Frost have lived in Seymour ever since their marriage 25 years ago.

Those present were: Mr. and Mrs.

LETTER TO LESLIE PRESCOTT FROM MRS. ALICE GRAVES HAMILTON

My Dear Daughter: I was very glad to get your last letter, Leslie dear. The one before it had left me in a rather uncertain and unhappy state of mind. Not particularly for what you said in it, but for what you did not say.

I can see, however, from this last letter that you are feeling much better. I hope the party that you were planning came off all right, and that you left your friends in Albany with pleasant remembrances of your stay there.

You must forget all your troubles and griefs of the past, dear child. Remember yesterday is just as dead and just as impossible to recall or change in any way as are the yesterdays of the days of ancient Rome.

You know me pretty well and you know that I have tried to practice this philosophy all my life. In a measure I have succeeded in teaching it to Karl. He seems more like himself lately than at any time since poor Alice died.

We are leaving Switzerland next week. I shall be very sorry to go.

RHEUMATISM

Torturing Pains and Swollen Joints Vanish When Old-Time Remedy Is Used or Money Refunded

Any rheumatic sufferer who has not availed himself of this generous offer should do so at once.

If Rheuma, the guaranteed prescription for rheumatism in any form, does not give quick and joyful relief, the cost will be returned without any quibbling or red tape.

Rheumatism is a dangerous disease, and anyone who has the slightest sign of it should drive it from the system as quickly as possible.

It matters not whether you are tortured with pain, crippled with swollen joints or distressed with with occasional twinges. Rheuma is guaranteed to end your rheumatic trouble or money back.

Rheumatism often affects the heart and causes sudden death. If you have it in the slightest degree get a bottle of Rheuma from Schlitz Bros. or your favorite drugist today and drive it from your system at once. adv.

Pick Dates For Bazaar In December

It was decided at a meeting of the united societies of St. Joseph church Tuesday evening in the parish hall, to hold a bazaar from Dec. 6 to Dec. 13. Fred Stoffel was elected chairman of arrangements and Mrs. Albert Albrecht was appointed secretary. A committee of several men and ladies of the parish was appointed to solicit donations and prizes for the bazaar.

Among those who have already donated prizes for the bazaar are George Schiedermayer, E. Leither Grain Co., Glondemans-Gage Co., Outagamie Hardware Co., Carl F. Tennie, Jeweler, Marx and Son, Kamps and son, Geheen's Dry Goods Co., Wichmann Furniture Co., Bretschneider Furniture Co., Haug and Son, Matt Schmitt and son Clothing Co.

There will be another meeting of all societies and committees at 8 o'clock Monday evening in the parish hall.

CARD PARTIES

Mrs. Perry Brown and John Heinzl won prizes in bridge at the open card party given by Womens Catholic Order of Foresters Wednesday night in Catholic home. Prizes at schafkopf were won by Mrs. John Fischer, Mrs. John Burke and Louis Lippert. A short business meeting preceded the card party.

MARRIAGE LICENSES

Applications for marriage licenses were made Wednesday and Thursday to John Hantschel, county clerk, by Edward Ponschok, Detroit, Mich. and Frances Belka, Kaukauna; Arthur Drews and Della Schmidt, both of Dale.

but I can see that Karl is getting restless.

I hope to come back again later in the summer for there is something about this beautiful country that is very comforting to me. Life here seems very simple. The people strive not for great happiness, but for contentment.

I have been very happy at Berne and had hoped to go to Geneva, but all at once everything seemed to pall on Karl and so we are leaving for Paris a week from today, and from there will go to Spain, which country Karl has never visited.

I'll tell you more about my travels in my next letter for just now I want to write you about something that has happened which is not only very strange but very disturbing to say the least.

Yesterday Karl went out with some friends on a walking trip, and, after he had been gone an hour or two, I had a visit from a very pretty girl. I told stranger who asked if I were Mrs. Graves Hamilton, the mother of Mrs. John Alden Prescott.

I told her that I was and she said: "I realize you know nothing about me, but I am Enza Alpaugh and I want to ask you if a young woman by the name of Zoe Ellington is with your daughter."

"Oh, do you know her?" I asked. "She is such a sweet girl. My daughter is very fond of her."

A strange look came over the face of the woman beside me as she said, "Do you think so?" Then I remembered, my dear, that I knew nothing about Miss Ellington, except that she had seemed very kind and efficient the day she came over to Pittsburg and that she had been very kind to you. Because of this I waited to hear what the woman had to say.

TELEPHONE SUPERVISOR

Tells of the Benefit Received by Taking Lydia E. Pinkham's Vegetable Compound

Leavenworth, Kansas.—"My work was long-distance operating and supervising, and I got into a very nervous state and was all run-down. I was easily annoyed at trifles, was extremely nervous and always had a tired feeling which made me awfully listless. Through a newspaper I learned of Lydia E. Pinkham's Vegetable Compound and thinking it would help me I tried it. It quieted my nerves, I was less annoyed and more lively. It took away that dragging feeling and improved my health in every way. I was able to continue my work with more vigor than before and I recommend the Vegetable Compound to all young girls. I am married now and have a big baby boy and am in the best of health. If I should ever have any trouble I'll take the Vegetable Compound again, for I know it will help me as it did before."

—Mrs. O. W. Thiel, 925 Pawnee St., Leavenworth, Kansas.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all these troubles. For sale by druggists everywhere.

Toughest of Old Hang-On Coughs Go

Why send a boy to do man's work? Sweet, sugary cough syrups may help a simple cough, but when you are traveling along towards the cemetery with a stubborn tight old cough that lingers on and on with the most persistent devilishness then you need a real cough medicine—and the real destroyer of tough old coughs is Bronchiline Emulsion.

The cough may be so tantalizing that you can't sleep nights and your days may be filled with racking torture, yet that's just the kind of a cough that Bronchiline likes to tackle and conquer.

Many times a few doses will stop the hacking and loosen things up and you can depend upon half a bottle to make a two months' cough quit cold and disappear.

Life is sweet—it will be much sweeter when you get rid of that old time cough.

Ask Union Pharmacy, Voigt's Drug Store or any wide awake druggist for a bottle of Bronchiline Emulsion. There's no dope in it—or chloroform, and a couple of teaspoonfuls will usually end any ordinary cough. adv.

HAVE DARK HAIR AND LOOK YOUNG

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for only 75 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

"I have been greatly impressed with the amount of research that has gone into the making of Mr. Cruze's picture," continued the California Senator. "Apparently as much thought has been given to making even the smallest details historically correct as has been given to the great ensemble of the story."

"What a wonderful thing motion pictures are when properly applied, when they bring before our eyes truthfully the great epic stories of our national history! But fortunately, we have the picture, which, when carried out with the painstaking care Mr. Cruze is exhibiting, is preserving for posterity all these things."

Senator Shattuck who is an authority on the history of the old West, spent a whole day with Cruze watching the scenes of "The Pony Express" being filmed. He examined with especial interest the many details in the mammoth set which was a replica of the old city of Sacramento as it looked in 1860, and which had been reproduced from old sketches and photographs.

"The Pony Express" is based on the story by Henry James Forman and Walter Woods. A notable cast has been assembled in which the featured roles are portrayed by such screen celebrities as Betty Compson, Ricardo Cortez, Ernest Torrence and Wallace Beery.

It will be shown 4 days starting

next Monday at Fischer's Appleton Theatre with news and two acts of vaudeville in conjunction.

Joint-Ease

For Swollen Joints

Most remedies fail but Joint-Ease surely and speedily succeeds. It's for joint troubles only, whether in ankle, knee, hip, elbow, shoulder, finger or spine—whether rheumatic or not.

It limbers up stiff, inflamed, swollen, painful, creaky joints so quickly you'll be astonished.

Two seconds' rubbing and away it goes through skin and flesh right down to the bone and ligaments—that's why it succeeds. Ask Voigt's Drug Store or any reliable druggist. Always remember, when Joint-Ease gets in joint agony gets out—quick.

Joint-Ease is the biggest selling joint remedy in the world.

Pile Sufferers

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief?

Why cutting and operations fail?

Do you know the cause of piles is internal?

That there is a stagnation of blood in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by Schlitz Bros. Co. and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by forcing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, safe and lasting relief to thousands of pile sufferers, and saves the needless pain and expense of an operation. Don't delay. Try HEM-ROID today. It will do the same for you.

FAMOUS DOG IN MOTION

Wolf, who plays the title role in "Barge, Son of Kazan," the photoplay special at the New Bijou theatre today, Friday and Saturday, is probably the most remarkable dog alive. He is a World War hero and a wearer of the Croix de Guerre. This decoration was pinned to his collar by Marshal Foch himself, that occasion being the only one on which a dog was ever personally decorated by a French marshal.

Anita Stewart, the star in the picture, wishes she might have been always so attached to him; did she become when the filming of outdoor scenes for "Barge, Son of Kazan," was in progress near Donner Lake, Calif. Wolf took a deep liking to her also and to show his affection acted as her special escort and guardian when the company was trudging through deep snowdrifts in the California mountains. He was more at home in that severe climate than was the star.

GREAT CAST HERE IN "WHAT FOOLS MEN"

Another one of those "remarkable cast" offerings for which George Archainbaud, director, is noted is his latest production, "What Fools Men." First National's new release, at the Elite Theatre today and tomorrow.

Inventive screen fans will recall Archainbaud's production, "The Common Law," the cast of which read like the income tax list of foremost screen luminaries.

They also remember his more recent First National releases, "For Sale" and "Single Wives," the casts of which likewise bristled with names significant in the screen world.

His latest handiwork readily can be classed with these earlier offerings for superiority of cast—which, of course, spells character interpretation of the highest order.

Here are the most important players:

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

WISCONSIN LAST HOPE OF OUTDOOR LOVERS IN WEST

Dile Tells Waltonians That Badgers Must Increase Game Propagation Efforts

Green Bay, (AP)—Wisconsin, together with Minnesota and Michigan represent the only hope of an outdoor sportsman in the West. The Mississippi valley, William H. Dile, president of the Lake Walton league declared at the annual convention of the Wisconsin division of the league Wednesday night.

"Wisconsin, however, needs twenty fish hatcheries instead of one," Mr. Dile said, "and ten wild game refuges instead of one. The new game refuge bill which the league will introduce in Congress this winter will undoubtedly pass and will stop the drainage of important marsh land left in Wisconsin. The Wisconsin division of the league in the league has stopped stream pollution to a marked degree. The energy of the Wisconsin division has awakened conservation officials of the state and has reduced forest fires."

"Every man and woman in the state of Wisconsin, whether a lover of fishing and hunting or not, is interested in outdoor Wisconsin, not only for its beauty but for its economic value. Wisconsin offers sport and recreation in summer time to a great many million persons in the Mississippi valley. With the development of the upper Mississippi game refuge, under the \$1,500,000 appropriation by the last congress for the purchase of 342,000 acres of river bottom land, there will be brought into the streams and lakes of Wisconsin millions of six inch

Less Than 300 Horses In Appleton, Census Shows

Old Dobbin is being relegated to parts unknown. This is true not only in the city, but in the state and country as well. His place is rapidly being taken by the automobile. If the rate of decrease continues during the next few years as it has in the past, the horse will soon become an almost extinct species, an animal which will be viewed with curiosity.

There were 750 horses in the city in 1915 valued at \$84,778, according to assessment figures of that year. This year there are only 267 horses in Appleton, valued at \$15,550, a decrease of 652 horses in 10 years.

The value of horses has decreased as well as the number. In 1915 the average value of horses in Appleton was \$107, compared with an average value of only \$55 this year. Evidently horses do not make good investments today.

That horses have nearly disappeared from the highways of Wisconsin is indicated by a traffic survey made by the highway commission this summer. The survey showed that horse drawn vehicles make up only 1 per cent of the total highway traffic in Wisconsin.

In 1915 horse drawn vehicles were 82 per cent of the total number of vehicles using the roads. The following year the percentage dropped to 57, then to 31 per cent in 1921, 23 per cent in 1922, 17 per cent in 1923 and 1 per cent this year.

Motorcycles are diminishing almost as rapidly. Exactly 2.9 per cent of the road traffic was made up of motorcycles in 1915, while this year only .1 per cent.

Black bass which will assure the present popularity of those fishing places for years to come.

erecycles are only 6 per cent of the traffic count.

DIDN'T SEE A HORSE

A traffic count taken July 4 from 6 to 10 p. m. at the junction of state trunk highway 23 and 10 showed 3,795 vehicles passing the spot. Of this number 270 were Wisconsin cars and 1,013 were foreign cars. There were 40 light trucks, 20 heavy trucks and 12 motorcycles. Not a horse drawn vehicle was seen during the 16 hours of traffic count.

Horse lovers and those who still use horses however claim, that Dobbin never will entirely disappear. In fact they believe the horse continues to play an important part of city life in many parts of the country. Furthermore, they hold that there are many occupations where automobiles can never replace horses entirely, such as agriculture, etc.

The legions who number the horse well up among the dumb friends of man and those who have experienced a twinge of regret over the thinning ranks of the faithful equines of urban thoroughfares may take comfort from a survey just completed in New York city.

Instead of succumbing to the ever increasing pressure of motor propelled vehicles, the horse continues to hold its own in New York and even promises to stage a comeback if the traffic congestion crises become more acute.

INCREASE IN GOTHAM

During the past five years the number of horses in commercial use in New York has hung steadily around ten thousand. One firm there reports an average of 400 "trades" a day and spokesmen for special distributing agencies which have held almost exclusively to horsedrawn wagons declare the prospect is rather

for an increase than for diminishing that future of their equipment.

The wear and tear of frequent starts, excessive cost of operation of large trucks, and traffic jams are factors quoted in dobbins favor. But regardless of traffic conditions, he is declared by his champions to be supreme in such industries as retail delivery of milk and ice.

When the last serpentine line of motors has been disappeared and the last traffic cop has gone from his "stop-go" standard, in that short silent space of time when there hovers between darkness and dawn and the canyon-like streets yawn and are spectre-like, the horse comes into its own in the large city.

Gallons of milk and tons of ice must be delivered every morning at the rate of a bottle and a 20 pound piece to a stop.

Horse champions assert the horse proves vastly superior to the motor truck and fills a position all his own, especially for short hauls.

One New York trucking firm alone operates 650 horses and reports them indispensable.

A net inconsiderable proportion of the local horse population continues to be comprised in the reduced but

DEDICATE NEW ATHLETIC FIELD HERE SATURDAY

Students, Faculty and Townspeople Take Part in Ceremony at New Gridiron

Students, faculty and townspeople will take part in dedication of Whiting Athletic field Saturday afternoon when Lawrence and One colleges mix in a football game. Dedication ceremonies start Friday morning when a rousing "pep" meeting is to be held in Lawrence Memorial chapel and the final ceremony will be just before the game starts at 2:30 Saturday afternoon.

Three bands, the Field Artillery, High School and College bands, will take part in Saturday's program. It is proposed to start a parade downtown to the field and the students will snake dance around the edge of the gridiron, headed by the bands. At the conclusion of the dance the students will form in a semi-circle in front of the box occupied by George A. Whiting, Neenah, donor of the field which bears his name, for a session of cheering and singing. President H. M. Wriston will deliver a short talk and the ceremony will be concluded when Mr. Whiting "kicks off" to start the football game.

The program in the chapel Friday morning will include talks by President Wriston, Mr. Whiting and Dr. J. H. Farley, chairman of the athletic board at the college. There will be cheering and singing under the direction of college cheer leaders.

Shower Felicitations On "Grandpa" Langstadt As He Reaches 90th Birthday

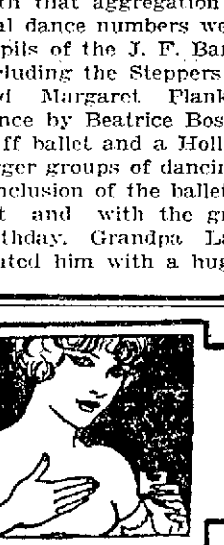

Old "Grandpa" Langstadt, passed into the class of nonagenarians Wednesday and his fellow members of the Elks club helped him celebrate the event at a banquet in Elk hall Wednesday night.

When the word "Old" is used, it is only the conventional way of referring to Grandpa's advanced years, and is no reflection upon his actual youth. For to call him old, is to start an argument immediately with his friends, and there were many, many of them at the banquet, but not nearly so many as he can truthfully claim, speakers attested at the anniversary function.

Congratulations were profuse from every side. To every one present, the birthday celebrant was just plain "Grandpa." In fact, a number of the guests did not seem to know Mr. Langstadt's "given" name is Gottlieb. The ancestral sobriquet by which Mr. Langstadt claims more grandchildren than any other man in the city was given him by school children at the time he was transient officer, it was brought out by one of the festival speakers.

Addresses of felicitations were delivered by Attorney Francis F. Bradford, Gustave Keller, and George Dame, commander of the Oney Johnston post, American legion. James Balliet, exalted ruler of the Elks, acted as toastmaster.

PROGRAM OF DANCES
An elaborate program of entertainment also was carried out. While dinner was served, the Elks eight-piece orchestra furnished music. A cello solo was rendered by Joseph Schroetter, Minneapolis, a cousin of Anton Fischer, club steward. Mr. Schroetter is a member of the Minneapolis symphony orchestra and appeared here with that aggregation recently. Several dance numbers were presented by pupils of the J. F. Bannister academy including the Steppers dance by Mary and Margaret Plank, the Top Hat dance by Beatrice Bossert, the Powder Puff ballet and a Halloween dance by larger groups of dancing girls. At the conclusion of the ballet the girls came out and with the greeting, "Happy birthday, Grandpa Langstadt," presented him with a huge cake with 90

For Deep Chest Colds

All colds should be treated with vapors, for vapors alone can carry the medication DIRECTLY to the air passages and lungs.

Vicks is a "vapor" treatment in salve form. For deep chest colds you first apply hot wet towels over throat and chest to open the pores, then massage briskly with Vicks for 5 minutes, spread on thickly and cover with a flannel cloth.

Vicks not only penetrates like a poultice or plaster, but the ingredients, vaporized by the body heat, are inhaled all night long.

This double action usually checks the most stubborn cold overnight.

candles, the gift of the Elks club, and a bouquet of 90 roses, the gift of the Oney Johnston post, American legion. Nelson J. Gallipeau gave a monolog consisting of several anecdotes, a toast and a Dutch parody on Barbara Frietsche.

A feature of the program was a tableau showing the white apparition of General Phil Sheridan come back to earth to extend felicitations to Grandpa Langstadt. Gen. Sheridan impersonated by Harry Oaks, reminded the guest of honor of some of his war experiences, some bringing tears to the eyes and some bringing shouts of laughter.

COVERS U. S. HISTORY

Declaring what a wonderful thing it is to live until 90 years and still be in possession of all one's faculties, Mr. Bradford sought to impress upon the guests how much lay within those 90 years through which Grandpa Langstadt passed.

"Just think, Grandpa," he said, "At the time you were born Andrew Jackson was president. There were hardly more than 100 miles of railroad in the east. The country was just beginning to use steam. Wisconsin was not even a territory. You could take hold of your father's hand and your father could take the hand of George Washington. These two generations cover the entire history of the American Republic."

The speaker further called attention to the several military conflicts through which America passed during Mr. Langstadt's span of years and mentioned the part the latter had in the "greatest war of principle that was ever fought," the Civil war. "You have covered the whole gamut of

war," he added, "even the war yesterday, if you were not asleep, between Pittsburg and Washington." He wished the celebrant many more years of happy life, health and the possession of all his faculties.

A FIGHTING MAN

During the evening it was brought out repeatedly that Grandpa was a fighting man and that he distinguished himself as such also in politics. Two Democratic friends of his, R. H. McCarty, Kaukauna chief of police, and John Coppes, Kaukauna, had been invited to be present but they sent messages regretting that they were detained. The latter expressed the wish that Grandpa would live long enough to see again a complete set of Democrats in office in this county.

Mr. Keller recounted the principal events in Mr. Langstadt's life, his coming to this country from Germany in April, 1861, his residence in La Crosse, his enlistment after nine months in this country in the Ninth Wisconsin cavalry at Milwaukee under Col. Washburn of LaCrosse to do his bit in the Civil war. Mr. Keller brought out fighting qualities of this man who though unable to speak a word of English at the time of his enlistment won promotions to corporal, second and first lieutenant and at the close of the war received an offer of a captaincy which he refused.

DOES TWO JOBS

His service under McPherson, Logan, Sherman and Sheridan were mentioned. Touching upon the siege of Vicksburg, Mr. Keller said, "Grandpa was not a man of a one-track mind. He could do many things at once. While he was besieging Vicksburg he also was besieging the heart of womanhood, for it was here that this Northerner met the girl that was to become his wife. When the war was over, he was offered a permanent captaincy. But he had other plans. He knew that the war was over and that there was no more work to be done on that field, but he still had some besieging to do in Vicksburg. And it so happened that this lady captured and became Mrs. Langstadt on Mar. 15, 1865."

Mrs. Langstadt has been dead about

30 years. For about the same number of years Mr. Langstadt has been a resident of Appleton. He makes his home with his son, Al. Langstadt. Grandpa has served the city and county as transient officer, post commissioner, county supervisor and county treasurer.

Mr. Keller alluded to the reason why Grandpa has always been a fighter, adding by way of comment that all heroes are fighters. He said he was reminded just that evening that Grandpa was born under the star of Gen. Andrew Jackson, the redhaired fighter and first president of the re-organized Democratic party.

Alluding to the many wishes that Grandpa might live to realize his wish to be 100 years old, Mr. Keller related an incident in which Grandpa came into his office one day 20 years ago and told him he had made a contract. The contract was to live until he was 100 years old. Some one told him he was a fool not to make it 125 years. Grandpa told him, but Grandpa gave as his answer, "No sir, I make it 100 years, and etah dot ve talk business again."

"Therefore," Mr. Keller continued, "let me tell you who wish to be here to celebrate Grandpa's one-hundredth anniversary—don't worry. 'Grandpa can't back out of it. He's under contract.'"

Probably the most touching scene in the whole evening was near the close when Mr. Balliet presented Grandpa to the guests bringing every one to his feet out of respect to him. Grandpa responded with a brief speech, in which he tried to express his appreciation for the ovation.

At the end he said, "Dere iss an old saying dot says, 'Money can buy everything.' Here he waved his hand about the room, and there was a catch in his voice as he said, 'Dis iss something dot money can't buy.'"

This brought a warm round of applause in confirmation of his statement. He said he left his Fatherland behind and came here only shortly after to enter the war. While he was not ashamed of the land of his birth, yet if he were to do it all over again, he would risk his life over again—and

50 AT BANQUET 15 CAGERS OUT FOR PLAYGROUND FOR TEAM PLACES LEAGUE PLAYERS IN NEW LEAGUE

Mayor Remmel Tells Recreation Workers That Good Players Make Good Workers

Menasha—The Senior Playground ball league banquet at the Elks club Wednesday evening was attended by 50 officials and players. R. C. Miller was chairman and a brief talk introduced the toastmaster S. L. Spengler, who responded briefly.

The principal address was made by Mayor N. G. Remmel, who was the guest of honor. The mayor said it probably was the first time in several years since a group of men in Menasha at a banquet could all call each other by their first names. He emphasized the benefit derived from such gatherings and said he always found that a good player was a good worker.

Other speakers included Mrs. Clough, who presented the medals, the four captains, Anthony Prunuske, S. L. Spengler, Frank Langer and Robert Jeffery, and R. C. Miller, recreational director. Harold Shaw sang several selections and H. E. Landgraf directed the community singing. Arthur Scholl gave a dancing number and the program closed with several monologues.

SOCIAL ITEMS AT MENASHA

Menasha—The Economics club of Menasha-Neenah will hold its third meeting of the season at the public library Friday afternoon. The program will consist of a book review, "Twice Thirty," Edward Bok, by Mrs. E. W. Griswold. The hostesses will be Mrs. F. S. Durham and Mrs. L. A. Whitmore.

Menasha Ladies Study club met Tuesday evening with Mrs. John Best, 412 Broad-st. The meeting was postponed from Monday evening because of the conference at the Congregational church.

The card party given by the officers of Menasha club Thursday evening which opened the club's social season was attended by 60 persons. The committee in charge of the party was composed of Mr. and Mrs. W. H. Nelson, chairman, Mr. and Mrs. George Pankratz, Mr. and Mrs. W. C. Pankratz, Frank Daniel, Mr. and Mrs. E. W. Pankratz and Mr. and Mrs. George Elvers. Bridge was played and the honors were won by Mrs. Huch Strange and Frank Trilling. Lunch was served and was followed by community singing.

Mrs. L. W. Whitmore and Mrs. L. J. Whitmore entertained at 1 o'clock luncheon and bridge at Hotel Menasha Thursday afternoon.

The card party given Wednesday evening by the scouts of St. Patrick church was well attended. Schafkopf, whist and bridge were played and prizes were awarded. The party was held in St. Patrick school hall.

Mrs. William Laemrich entertained the Bridge club Thursday afternoon at her home, 386 First-st. The honors were won by Miss Emma Groessel, Mrs. Herman Degler and Miss Hattie Kennedy.

Elk ladies held their semi-monthly card party Wednesday afternoon at Elk club. Bridge was played and the honors were won by Mrs. E. Pollack and Mrs. A. W. Borenz.

APPLETON GETTING MOST OF COAL HAULED NOW

Menasha—All the coal hauled up Fox river from Green Bay this week is being delivered at Appleton and to the mills below that city. All necessary repairs to the locks and bridges are being made this week in the expectation that the remainder of the navigation season will be very busy. It is reported unofficially that the coal to be hauled between now and the close of navigation will be consigned to Oshkosh which so far has received very little this summer.

BASEBALL PLAYERS RETURN TO HOMES

Menasha—Joseph Muench, captain of the former Menasha baseball league team, has arrived home from La-Crosse, where he had a successful season. Among the other former league baseball players who have returned are "Lenny" Zielenski who played with the Waukesha team, and Harry Leopold, who signed up with the Reedsburg team for the season.

Replace Pinon

Menasha—The city street department replaced a pinon in Trow-st bridge Thursday which makes the second that has been replaced within ten days. The trouble is caused by the swinging of the bridge which strips the pinon of its cogs.

RED CROSS TELLS OF ACTIVITIES IN ITS REPORT

Large Number of Service Men and Civilians Receive Help from Red Cross Officers

Neenah—Publication of a monthly report of the local branch of American Red Cross was decided on at a meeting so the people may know what the Red Cross is doing in the city.

The report shows that during July, 125 people called at the office for information; 27 ex-service men or families were assisted; 25 civilian families were assisted by notarial service, certified doctor reports, certified marriage certificates, birth certificates, visits and calls made, medical attention, and nursing given, three adjusted service compensations, one dependent adjusted service compensation and one disability claim was filed.

Mr. Moreau, life saving expert, spent two days in Neenah in July and gave talks and demonstrations to city police department and fire department on life saving. He also gave a talk and demonstration to the children at the fresh air camp and at the municipal bath house. One of his talks on life saving was given to business and industrial men. During his stay here he recommended two swimmers, Ole Jorgensen and Bobbie Clarkson, for examiner certificates in life saving.

During the month of August, the report says 166 persons called at the office for service or information, 21 ex-service men and 20 civilians were assisted.

Following instructions given at the bath house by Ole Jorgensen and Bobbie Clarkson, six young people passed the Junior swimming tests and 100 passed the Engineers' tests in swimming.

In September 20 ex-service men and 19 civilians were given adjusted service compensations and 1 soldier's relief claim were filed, and clothing was given to two families.

The advisory board of the local branch is composed of Miss Ellen Stewart, Miss Ada Garvey, and Miss Doris Keivin.

Says: Grandest Stomach Medicine in the World

Relief Comes At Once But Better Still Chronic Indigestion Goes For Good.

Get a bottle of Dare's Mentha Pepsin from Voigt's Drug Store today with the distinct understanding that your money will be promptly returned if it does not stop the most acute stomach distress quicker than any remedy you ever used.

Your stomach may be so distended with gas that you think every minute your heart is going to stop beating, yet with one dessertspoonful of Dare's Mentha Pepsin that dreadful feeling of suffocation will vanish in a few minutes.

It's a wonderful formula—this combination of Pepsin with other good stomach invigorators—so wonderful that in one small town in New Jersey, in 1921, over 6,000 bottles were sold.

Never mind what causes your indigestion or gastritis, or how long you have had it, or how many other remedies you have tried, this is the one medicine that will make your old disabled stomach so strong and healthy that you can digest anything you eat without the slightest distress.

Even catarrh of the stomach can be banished in a reasonable length of time. And you know that when your stomach is in fine shape, nervousness, headaches and dizziness won't bother you. Every regular druggist guarantees one bottle of Dare's Mentha Pepsin. Voigt's Drug Store sells lots of it. adv.

JOIN CHURCH TO DO MOST GOOD TO YOUR FELLOW MEN

Presbyterian Men Hear Dr. McLeod Outline What They Can Do for Their Fellows

Declaring that the Christian church stands superior to all other institutions in the glory of its achievements, Dr. Murdoch McLeod, Chicago, secretary of the Presbyterian board of Christian education, spoke to about 100 persons at the Presbyterian mens rally Wednesday evening at Memorial Presbyterian church on the importance of men's work in the church.

Dr. McLeod said that many men were asking how to conduct their lives so as to do some good to their fellow men. Working with the Christian church is the safest and best method of solving this question, Dr. McLeod said. The speaker said the program of the church will never get along without the cooperation of the men, and that the greatest undeveloped resource in the Presbyterian church in this country is its 500,000 men. He said there are some specific things to be done in the church which the men ought to do and that it takes all of one's manhood to be a real true follower of Jesus Christ.

Dr. McLeod said he considers foreign missions the largest enterprise in the world today, and added that this was a field in which the missionary program of the church will fail unless the men of the church get behind it.

A delegation of about 12 men from the Presbyterian church of Neenah was present at the meeting, and there were also several church workers from Green Bay. A supper served by the ladies of the church preceded the address.

ORGAN INSTRUCTOR PLAYS CHAPEL PROGRAM

Prof. Arthur H. Anke of the Lawrence Conservatory faculty played several organ solos at chapel assembly Wednesday morning.

Crawford Tordella, of Appleton, played the first two (Madame Butterfly) and the last two (Carmen).

As an encore he rendered "Liebestraum No. 1."

Chemistry Club Elects

Carola Tuttle of Appleton, a college sophomore, will be among the officers of the Lawrence chemistry club for the coming year, having been elected secretary. Other officers chosen include: Clifford (honorary), '26, of College president, and Ralph Kinschul, '27, of Turtle Lake vice-president.

Mrs. Tuttle has been assisting in the laboratory of the chemistry department.

Leonard Hill, British scientist, says that if men would dress as lightly as women physicians would have to take up another calling.

Home-made Supply of Fine Cough Syrup

Better than ready-made cough syrups, and saves about \$2. Easily prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

(Continued From Yesterday)

It was almost sunset, and picnicers who had come to the park for supper, walked past them with baskets on their arms. Somehow or other the women were better looking than the men. Perhaps it was their ready-made smartness. . . .

But anyway, besides Dick, the men looked flabby and weedy to Gloria. . . . or else too fat and solid. . . . Why, she wondered, had she never seen how much better he was to look at, than any other man alive?

"Not that he's so handsome," she remarked to herself. "But he's for himself!" She loved him for the simple fact that he was Dick. For his face, because it couldn't be anybody else's. . . . and for his mind that was so utterly sound and decent.

"It took me a long time to find it out," Gloria went on thinking. "But I know it at last, now, when it would be better if I didn't!"

Wasn't that just like life, thought it was full of such tricks. . . . Giving you what you wanted just a little too late? Like a Valentine coming the morning after Valentine day. . . . and in a plain envelope.

Gloria rose. "Well, this time I'm really going," she said, unsteadily. "Dick rose with her, and they walked slowly out of the park together, close together as lovers' walk, and yet worlds apart!"

The following day, Gloria started out to go job-hunting again. A slip of paper with two or three "want ads" on it, was folded away in her purse, along with three \$10 bills - her last week's salary.

She walked along College-ave, looking in the shop windows. The crisp, new dresses, with their slashes and lace. . . .

In the window of a department store was a display of lustre bowls - lovely orange and sea-blue ones. "The very thing for the mantel in the living room!" Gloria exclaimed, looking at one that glowed like the sunrise.

Then, with a jerk, her brain told her that the living room no longer belonged to her. Dick was going to sell it and everything in it to the couple who were looking at the house. . . . that is, if he could.

Gloria walked on, down the street. She didn't feel at all like going up into one of the great office buildings to ask for a position. She felt like "Mrs. Richard Gregory," that morning, and she couldn't step into the role of "Gloria Gordon," looking for a place to work.

She didn't want to work in an office. She wanted to go back to her own house. She told herself truthfully that she had felt "like a fish out of water" every minute since she had picked up her trunks and left Dick.

At the corner of College-ave. and Oneida-st, she met little, blond Mrs. Wing.

To Gloria's amazement she came up to her and seized both hands. "Hello, Gloria Gregory!" she cried. "It's so nice to see you again! . . . Where have you been keeping yourself, for goodness sake? . . . Just the other day the girls were asking what had become of you?"

Gloria stared at her in astonishment.

She remembered perfectly the night when she had tried to speak to Mrs. Wing, and Mrs. Wing turned away her little blond head.

But why hold that against her? . . . It was nice to have friends, and it warmed Gloria's heart to have Mrs. Wing welcome her this way. People were queer, inexplicable things, but they were also necessary to each other.

So Gloria smiled back. "I've been down in New York the last few weeks," she said candidly.

"Did you hear about May Seymour's husband?" Mrs. Wing asked. "Terrible thing, wasn't it?"

"Dreadful," Gloria agreed. "And poor May's left town. Did you know that?"

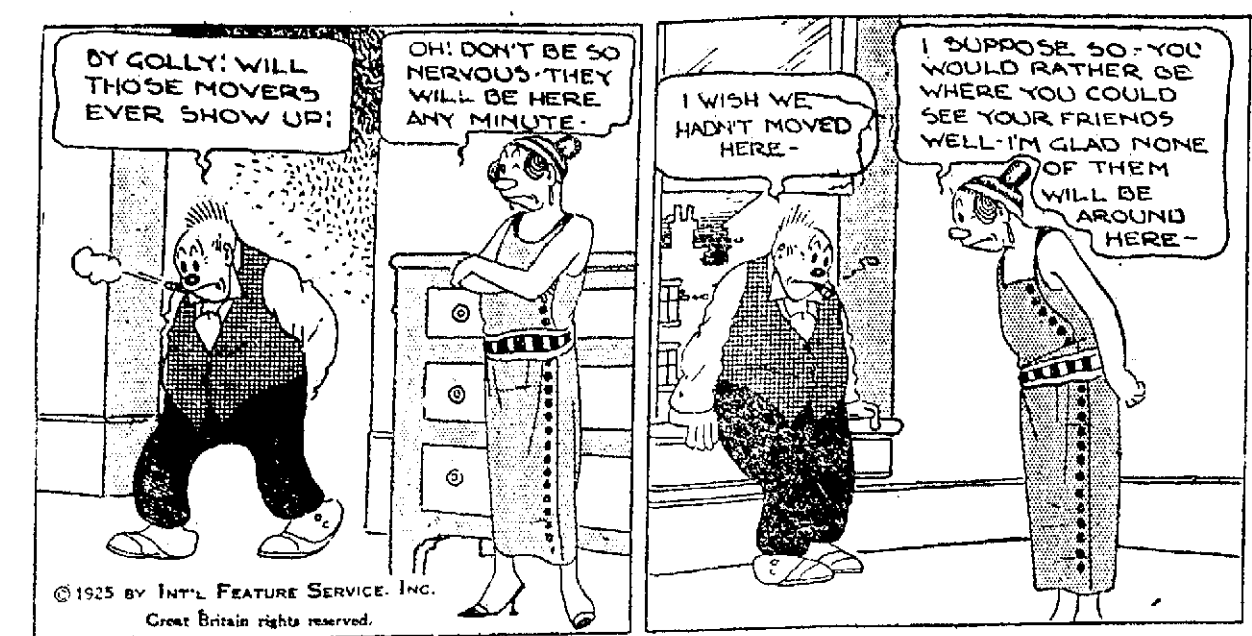

Mrs. Wing nodded. "The best thing she could do under the circumstances," she said wisely. "I never could see what you saw in May Seymour. She was so rattle-brained, and - well, call it unconventional. That's the kindest word for her."

She pressed Gloria's hand when she left her. "Now, do come to see me," she said warmly. "Won't you?"

PETE BRIESE ELECTED CAPTAIN OF BLUE GRIDDEERS

Appleton Boy Picked To Succeed Eddie Kotal As Leader Of 1925 Squad

Blues Receive 2nd Bad Blow on Eve of Coe Game When Weinkauff Is Injured

MIDWEST GAMES
COE AT LAWRENCE (CONFERENCE)
Beloit at Kalamazoo.
Cornell at Ripon (Conference).
Carleton—no game.
Hamline at St. Johns (Minn.).
Knox—no game.
Augustana at Monmouth.
Harold "Pete" Briese of Appleton, star fullback of the Lawrence college football team, was elected captain of the 1925 squad to succeed Eddie Kotal at a meeting of Blue football lettermen Tuesday afternoon. Briese starred at full and half on the Blue team last year as a soph and was guard on the State and Midwest champion cage squad. He made the cage squad as a freshman becoming eligible in February and working in with the regulars immediately. Pete starred for four years in football, basketball and track at Appleton high school winning 10 Orange athletic letters in his prep career. He played a forward on the last state title cage squad of the Orangemen in 1921. Briese was worked at end for a time this year in an effort to overcome a weakness at that position, but when moved back to fullback his line smashing tactics at that job made him too valuable there to be used on the wing. He starred in both the Oshkosh Normal and Northwestern games, making five touchdowns in the latter and getting the longest run of the day in the former only to be called back.

Final plans for the dedication program of the new George A. Whitling athletic field, featured by the Lawrence-Coe Midwest Conference football game here Saturday were to be completed Thursday. Willard Henoch is in charge of the affair and promises to have a fine program. Saturday afternoon at the field all of the athletes and 1,000 men in the college will parade over the new field before the battle and three hands will aid in the ceremonies. Several other things are planned for the big afternoon but they are being kept under cover as surprises. Mr. Whitling probably will give a talk during the day and hand over the deed to the field to college authorities and several other features are being arranged. The Coe squad will arrive in Appleton Friday morning to get a good days rest and probably will make use of the new field for a practice session before the game.

"KIDS" FOR A DIME
School "kids" up to the eighth grade will be admitted for 10 cents and will be placed in a special seating section. Eighth and ninth grades will be required to pay 50 cents. No tickets for the youngsters will be on sale at the gate, however. All the ducks are in the hands of the Appleton junior high school principals and must be purchased from them. A group of 250 seats also has been reserved for alumni.

WEINKAUFF IS OUT
In the words of Mark Catlin, Blue mentor, "it never rains but it pours." Building practically an entirely new backfield to replace the break caused by the loss of Eddie Kotal at half and quarter just a week before the first Midwest conference battle with Coe a tough foe, Catlin lost a regular lineman, Otis "Oats" Weinkauff, to Appleton, regular guard so far this year, broke a collarbone in a scrimmage with the freshmen Tuesday afternoon and now the Blues face one of their hardest rivals of the season with a depleted line and a new combination behind it.

WEAK AT QUARTERBACK
The quarterback position is Catlin's greatest worry as Zussman, also a good half, is the only experienced caller on the squad at present. Bloomer, a soph, is working well but his inexperience in a big game probably would point. He was not out last year, but played at halfback the year before at Appleton high school. He showed good stuff against Northwestern at Watertown last week. The new backfield combination to start the Coe battle looks like Zussman or Bloomer at quarter, Capt. Briese at full, Nason, and Zussman or Heidemann at half, with Nobles, Hunters and Ott working in the rear wall at times during the game.

In the line Bayer and Steensland, both of whom went good last Saturday will hold down the ends with Baetcher and Ashman in reserve. Baetcher also may be used in the backfield before the tie is over. The tackles are well taken care of by Stark and Connors 1924 vets, and Trevis, a 1923 vet is at one guard, with Hylke another vet at center. Ott, who alternated with Weinkauff at guard earlier in the season looks good for the other guard job, though he is a backfielder and Catlin used him there Wednesday afternoon. Boyd "Bus" Schweiger, an Appleton lad, held down the open guard job Wednesday afternoon but appeared a trifle slow. He played at the local high school and with the Blue fresh part of last fall, but only got out for the varsity a week ago. The Blues went through a hard workout Wednesday afternoon preceded by a long session on the tackling dummy.

Three More Normal Grid Squads To Start Season
Milwaukee—(P)—Platteville, Oshkosh and Milwaukee normal school will enter the state normal conference football race this week by playing their first title games of the season. The entries leave Whitewater the only conference team not yet in the running. Superior, River Falls, Stevens Point, Eau Claire, Stout and La Crosse have played their first conference games.
River Falls and Superior lead the conference with a game won each. La Crosse and Stout played to a scoreless tie. Eau Claire and Stevens Point were defeated by River Falls and Superior respectively.
This week the following games are scheduled in the normal conference: Platteville at Oshkosh, Friday.
Stout at River Falls, Saturday.
La Crosse at Milwaukee, Saturday.
Stevens Point at Eau Claire, Saturday.
Milwaukee and La Crosse will furnish the first real test as between west and east Wisconsin teams in the normal conference, Saturday, and the game Friday between Platteville and Oshkosh is a test as between north and south Wisconsin teams. There is little on which to base a comparison as to the strength of any of these teams, although La Crosse is favored to win as against Platteville, and Oshkosh as against Platteville.

JOHNSON BAFFLED TRIO OF BUC STARS

When Walter Johnson fanned 10 batters in the opening game of the world series he not only equaled the record for the fall classic but half of his whiffings were compiled at the expense of three of the District's best clubbers. Carey, Cuyler and Barnhart rated the mightiest hitters on the McKechnie outfit during the season. Walter, however, set Cuyler and Barnhart down twice and Carey once.

With a depleted line and a new combination behind it. The quarterback position is Catlin's greatest worry as Zussman, also a good half, is the only experienced caller on the squad at present. Bloomer, a soph, is working well but his inexperience in a big game probably would point. He was not out last year, but played at halfback the year before at Appleton high school. He showed good stuff against Northwestern at Watertown last week. The new backfield combination to start the Coe battle looks like Zussman or Bloomer at quarter, Capt. He played at the local high school and with the Blue fresh part of last fall, but only got out for the varsity a week ago. FAMOUS CAGERS MAY PLAY IN APPLETON

THIS YEAR
Herkimert N. Y. — Manager Frank J. Basile, of the famous "Original Glove Trotters" has announced through his business manager Harold Draheim, formerly of North Fond du Lac, that he has intentions of bringing his team to Wisconsin this coming winter, where they will again compete against a several strong Badger state teams.

Several of the original stars have already reported and it is expected that the team will commence practice within a week or so. They will leave Herkimer about the middle of December and will make a complete tour of the middle western states, making stops at Fond du Lac, Oshkosh, Appleton, Janesville, Milwaukee, Chicago, Detroit, Cleveland, Cincinnati, Toledo and Buffalo. Several games have already been booked.

Dave's Dots And Dashes

Two former members of the Fox River Valley Athletic Conference are going great with the Wisconsin freshman grid team this year and at least one of them looks like a sure thing for the varsity next year. Joe Kresky, Marinette star, well known to fans in this city is at fullback with the yearlings and Paul "Ole" Schutte of Manitowish is at tackle. Kresky is the big boy who took the light Orange grid-ders off their feet on the slippery snow-covered field here last year to help Marinette pile up a one-sided victory. When he got his big bulk moving on the wet field the locals had all they could do to keep their feet all they could do to keep their feet once they got their hands on him. Unless he finds the scholastic slidding hard as have Barofsky and Lund before him at Wisconsin and Marquette, he probably will be on the varsity squad next year.

Schutte undoubtedly will be seen in a red jersey next year if his work to date is any indication. He is a strong husky boy and though he played fullback in high school, is working well at tackle at Madison. Daily reports tell how he ripped through the varsity line and stopped Cardinal-clad backs in their tracks. Wisconsin is weak on real linemen and Paul ought to play regular his second year. He is experienced, having just completed a year at Lake Forest where he was the star of a fair team. In high school he was fullback and punter of real quality and played center and guard in basketball. Many Appleton fans still remember the big blonde Viking that worried local teams for three years. He graduated in 1923.

Kaukauna still is rejoicing over its 51-0 win over Menasha and they have every reason to be proud of it. The Smith team sure stepped on the Pails right and now are after bigger game in Two Rivers, West Green Bay and Appleton. They are confident of a big win over the Macmen, the first ever. West Green Bay, Saturday's opponent, has one of the heaviest teams in the state and plays nice ball as a conference win over Manitowish showed Saturday. Appleton plays both the Ka welly boys and the Bayites in what should be tough battles later in the year and none of the local team will scout the game, especially as Green Bay is the local's next opponent after this Saturday's rest. As the game will be close throughout the local gridriders probably will see plenty of plays for future reference if either team expects to win the battle. Personally we think Kaukauna is biting off just a little bit more than it can chew in the Wileyman and look to see the Smithmen beat Two Rivers and lose to Green Bay and Appleton.

PACKERS WORK TO TAKE REVENGE ON ROCK ISLANDERS

Invaders Dropped Big Bay Blues to 2nd Rung in National Pro Race With 3-0 Win

Columbus, O.—President Joe. F. Carr of the National Football league has appointed Halsey Hall, of St. Paul as referee of the Packer-Rock Island game at Green Bay on Sunday.

The Pro wheel chief also appointed K. N. Harris, of Duluth as umpire and Chester Wiley, of Indiana, head linesman.

Green Bay—With the report from Rock Island that the famous Independents of that city are "pointing" for the Green Bay Packers next Sunday, Captain Curly Lambeau is driving his team at a furious clip and likewise is looking forward to the coming encounter as the most important on the remainder of the Packer schedule.

Suffering from the sting of the 3-0 defeat handed the Packers by the Rock Island team on Oct. 4, the Big Bay Blues will take the field determined to even the score. All tricks on the Packer list will be resorted to if this is necessary and the hundreds who crowd into the City Athletic Stadium on Sunday will be rewarded with a classy exhibition between two of the greatest teams in the middle west, if not in the entire professional circuit. This assertion can be based upon comparative scores of teams which have played the Green Bay and Rock Island clubs. Philadelphia, conceded to be the pick of the East, met defeat at the hands of Detroit, a team that played the Bears to a tie. As the Packers left the Bears off with the short end of a 14-10 score, it is reasonable to say that the Packers and Rock Island have no peers in the professional game.

In the backfield Rock Island will show Gavin, Novak, Ursella, Armstrong and Roddy Lamb, the first three of whom are familiar to fans. In the line the Independents have Little Twigg, famous cohort of Jim Thorpe's at left end; Kolls at center, and Weiderknecht and Duke Slater, giant negro, both all-Americans, at guard and tackle, respectively.

6 FORESTER PIN TEAMS START PLAY THURSDAY

Six teams will take the drives in the opening nights play of the 1925-26 C. O. F. Bowling League at 9 o'clock Thursday evening at the 13th alley, according to Joseph Doerflinger, who heads the Forester pinmen. Every squad in the loop will have a chance to show its wares on opening night and every group will meet every other quint four times during the season. All C. O. F. loop bowlers are requested to be at the 13th alleys by at least 8:30 Thursday evening so that all preliminary arrangements can be completed before 9 o'clock.

NOTRE DAME AGAIN IN GRID SPOTLIGHT

Despite the loss of the famous "four horsemen," as well as several other stars, Notre Dame again stacks up as a formidable aggregation. In its first two games the Irish showed its splendid advantage, flashing an attack that swept its opponents. Baylor and Lombard, aside with ease. Frankly, any team with Knute Rockne at the helm will bear watching.

MEETS GRANGE

NICK KUTSCH

This is the University of Iowa superman who meets Red Grange in a battle for spotlight honors when Illinois and Iowa meet on the grid Saturday. Nick runs the dashes in close to record time, can life 100 pounds and is a triple threat man in the Hawk backfield. He recently was awarded the trophy for the best developed athlete at the University. Last Saturday he made a "point a minute" reputation in the Hawkkeys' first game, scoring most of his team's points by real football. He and Red will have a battle royal Saturday.

BURKE PICKS 12 MEN FOR MICHIGAN MEET

Madison—(P)—Twelve men have been picked by Coach Maude Burke of the University of Wisconsin as likely material to use against Michigan in the cross country run here next Saturday, and three more candidates are expected to be added to the list this week.

First runs resulted in the naming of a first squad of hurriers, composed of Captain Ray, Kunly, Chapman, Gumbrecht, Schwenger, Campbell, Parz, Schutt, Ellsion, McKee, Reeves, Zola and Shafer. Kunly is the only member of the 1924 conference hill and mile runners on the team. Chapman, Ellsion and McKee are sophomores and show great promise. Schwenger, Schutt and Shafer are from last year's squad.

Most of the men were inexperienced a month ago, but training has developed a number of team mates who, with Kunly, are expected to give Coach Burke ten men who can make a good showing against the Wolverine.

ZUPPKE MACHINE GETS POOR START

Following its close game with little Butler, Illinois doesn't stack up so strong this season. The Zupke machine had its hand full whipping the Hoosiers, 16-13. This narrow victory, coming on top of the Nebraska reverse, makes the Illini appear far from the formidable eleven of 1924.

COLLEGE GRIDDER KILLED IN PRACTICE

Lincoln, Neb. — Harold Winter, Cornet college football player, is dead of a broken neck received in practice.

Los Angeles—Newsboy Brown of New York, took a ten round decision over Frankie Genaro, flyweight champion, recently defeated by Fidel La Barba School boy boxer.

Chicago—Johnny Meyers, middleweight wrestling star, defeated Bobby Ryland of Minneapolis, two in three falls.

Columbus, Ohio — Gustav H. Schmelz, 35, once manager of the Washington, Cincinnati and St. Louis baseball clubs died of heart disease.

MARKS CHICAGO BACK IS REAL GRID STAR

Chicago—Not a great deal has been said concerning Wally Marks, star fullback of the Chicago Maroons, mayhap because the Stag eleven boasts a few other notables behind the line, "Five Yards" McCarty among others.

But Marks, nevertheless, stacks up as one of the best backs in Big Ten circles this season. He's fast, heady, clever dodger and especially brilliant in the open. He's also a strong player on the defense.

Many experts opine that when the present campaign terminates and the annual task of picking the star gridriders gets under way, Wally Marks of the Stag Maroons will be placed pretty well up on the list.

BLUE CAGERS START PRACTICE ON MONDAY

Lawrence college cagers will get their first practice of the year on Monday when Coach A. C. Denny, leader of the Blues 1924-25 Little Five, Wisconsin Collegiate and Midwest Conference champions, calls for candidates for his 1925-26 squad. Coach Denny has called a practice at 4:30, but only a few men are expected to report. Briese, Heidemann, Zussman and Ashman of last year's regulars, are out for football, Kotal is out of school. Vern Grove, Clark, Schjaugenhauff and Johnson, subs last year are among those who probably will report Monday. Grove and Clark are lettermen. Denny is expected to have another strong team this year and to again be in the running for the conference title.

LUQUE MAY GO TO GIANTS IN 1926

Cincinnati (P)—The sports writer of the Cincinnati Times-Star, who is in Pittsburgh attending the world series, says rumors of a transaction which will involve the Cincinnati Nationals, filled the air at baseball headquarters in Pittsburgh on Wednesday. He said the reports have it that Luque and Hargrave will be traded to New York for Snyder, Amos, and Terry.

It was also reported that Rabbit Maraville will be with the Reds next season.

President August Herrmann and Manager Jack Hendricks of the Cincinnati club are in New York, having gone there from Washington Monday night.

BADGERS BATTLE FOR LEADERSHIP

Little's Speedboys, Crofoot and Doyle Harmon, Expected to Bother Michigan

Chicago—(P)—Wisconsin's bid for leadership in the Western Conference, campaign by a defeat of Michigan Saturday is in the making at Madison, while the Yostmen are determined to retain the circuit peak they hold by virtue of downing Indiana.

Michigan has won eight and tied one of the eleven games it has played with the Badgers since 1892 and ninth of Wisconsin two victories have come since "hurry up" Yost took the Wolverine helm.

HAS CRACK TEAM

This year's Michigan team is a typical Yost eleven. In Benny Costello, Gregory and Friedman it has a trio of point scores topped only by Nick Kutsch, the Iowa sensation. Its backs are hard plungers and its line is geared to halt the passing game and trick plays which are anticipated Badger tactics.

Coach Little of Wisconsin has two big assets in Crofoot, the Mason City sophomore and Doyle Harmon, fleet fullback. In tapering off preparations for Michigan the new Badger member is stressing punting and passing, indicating that much of the game in Madison will be in the air.

Notre Dame left Thursday for the east and the Army game in Yankee stadium, to test Coach Rockne's ability as a prophet of doom.

ROCKNE EXPECTS DEFEAT

Rockne is maintaining his proteges will be defeated. Harry Hall, 1924 quarter of the Illini, is back at his old position. Plans of Iowa to stop "Red" Grange, Illinois captain, Saturday are looking success for an Iowa

BADGERS HAVE NEVER HANDED YOST BEATING

Madison — When Wisconsin meets Michigan here Saturday, it will attempt to do what no other Badger team has been able to accomplish. And that is beat a Yost-coached Maize and Blue machine.

For in all the years the two arch-rivals have clashed, the Cardinals have never tripped the Michigan lancers. At least not since Yost took charge of gridiron destinies at the Wolverine institution back in 1901.

In 1921 Michigan was held to a 7-7 tie. But that's as near to a defeat Wisconsin has been able to take a team from Ann Arbor. Two years ago Michigan was lucky to win, 6-3, the winning touchdown coming on that much-disputed play when Rockwell slipped through the entire Wisconsin team after the Badgers thought the whistle had been blown by Referee Walter Eckersall.

Freshman is making big gains through the Hawk line in practice scrimmage. Line crashing may be the story of Chicago's civil war between the Maroons and Northwestern.

Ohio State has an aerial game ready for Columbia. Indiana's reception for Syracuse is likewise prepared with an unscheduled aggregation of regulars.

Tom Hogan, Purdue's star end of last year, is back, but may not start against Rose Poly. Hard scrimmages, continue to be Minnesota's rehearsal program for Walsh.

Three More Normal Grid Squads To Start Season

Milwaukee—(P)—Platteville, Oshkosh and Milwaukee normal school will enter the state normal conference football race this week by playing their first title games of the season. The entries leave Whitewater the only conference team not yet in the running. Superior, River Falls, Stevens Point, Eau Claire, Stout and La Crosse have played their first conference games.

River Falls and Superior lead the conference with a game won each. La Crosse and Stout played to a scoreless tie. Eau Claire and Stevens Point were defeated by River Falls and Superior respectively.

This week the following games are scheduled in the normal conference: Platteville at Oshkosh, Friday.
Stout at River Falls, Saturday.
La Crosse at Milwaukee, Saturday.
Stevens Point at Eau Claire, Saturday.
Milwaukee and La Crosse will furnish the first real test as between west and east Wisconsin teams in the normal conference, Saturday, and the game Friday between Platteville and Oshkosh is a test as between north and south Wisconsin teams. There is little on which to base a comparison as to the strength of any of these teams, although La Crosse is favored to win as against Platteville, and Oshkosh as against Platteville.

Coe College of Cedar Rapids, Iowa, journeys to Appleton for a game with the Lawrence college. It will be the first appearance of Lawrence in that conference this season. Cornell college of Mount Vernon, Iowa, engages Ripon at Ripon in another Midwest game, Saturday.

Beloit, member of the Midwest conference, will play a non-conference game with Kalamazoo college at Kalamazoo, Mich., while Carroll college, a member of the Little Five conference, plays Northwestern college of Naperville, Ill., at Waukegan, Wis.

A decisive contest between independents this week is the game between the Wisconsin School of Mines and St. Johns Military academy at Delafield, Wis., on Saturday.

Marquette university has no game this week. Michigan plays Wisconsin at Madison Saturday.
Interstate games to be played Saturday by independents include St. Norbert college at St. Marys college, Winona, Minn., and Virginia junior college of Virginia, Minn. vs. Northland college at Ashland, Wis. Teachers college, DeKalb, Ill., plays at Milton college, Milton, Wisconsin, Friday. The game between St. Norberts and St. Marys will be one of the big games played by state colleges in as much as St. Norberts is one of the most formidable teams of the middle west. St. Marys has defeated every Wisconsin team played this season with the exception of Marquette university.

With the loss of Eddie Frieders at quarterback, Coach Mac of the Orangemen is having one tough task carving out a backfield WITH BRAINS out of his reserve material. The best new combination to date shows Kitzinger, fullback and crack plunger at the calling job, Ed Steens former tackle and halfback, at the middle position, Chuck Johnston at his usual half and Ed Rammer, a corner, who has been playing sub end in great style at the open half. Ed is a speedy boy and a hard fighter and the new backfield while not yet as good as the old combination looks promising with a little development. Where Mack is out of luck is on reserve material.

If their work in the opening games can be taken as a criterion, the Big Ten should produce several strong teams this campaign. Michigan, Wisconsin and Iowa all showed to advantage in the lid-lifter.

This was especially true of Wisconsin, where Coach George Little appears to have molded together a formidable machine. In Polaski, the Badgers have one of the best flankers in Western Conference circles, while the Harmon brothers are good backfield men.

Michigan seems to have uncovered several new stars who may fill the gaps left vacant by the graduation of Steger, Rockwell, Slaughter and other notables who have made football history at the Yostian institution for the past few years.

Town did well in trouncing Arkansas and Ohio State must be considered in the reckoning despite the fact it was only able to whip Ohio Wesleyan by a 10-3 count.

Chicago, Minnesota and Indiana also came through nicely, leaving only Illinois and Purdue in the Big Ten to start the season with a defeat.

EDUCATED MAN HAS BEST CHANCE TO GET ALONG

The Importance of Going To School was the subject of a talk by W. E. Smith to students of Appleton high school Thursday morning during the assembly period. Mr. Smith cited statistics to show the number of chances the man of education has of gaining distinction as compared with the man who lacks an education. He said that boys and men from small towns have a great chance of achieving fame and distinction as their city brothers.

Mrs. August Bundrock of Britton, S. D., has returned to her home after visiting with relatives in Appleton for the last three months. Among those she visited while here were her daughters, Mrs. Fred R. Butler of Appleton, Mrs. C. C. McLaughlin of Pickett, her three brothers, Fred, Fredrick, William Schmeling and Fred Wiche and her three sisters, Mrs. Charles Summers, Mrs. John Tecklin of Center and Mrs. John Witt of Black Creek.
